Ike Will Tell U.S. Role In Free Nations' Stand

Saturday's Speech To Set Forth Policy

...It Will Be Follow-Up To March 16 Report

By Douglas B. Cornell
Gettysburg, Pa. (P)—President Eisenhower flew to his country estate from Washington Friday, working on a speech designed to rouse the American people to the threat of atheistic dictatorship.

The address will be delivered Saturday morning at a convocation at Gettysburg College. The chief executive will receive a plaque for "service to the nation."

Eisenhower penciled changes into a draft of the speech in a Marine helicopter which lifted him from the back lawn of the White House and put him down in a rolling field behind his farm house here.

A shower ended shortly before arrival and the sun spilled through the clouds. Although the course was wet, the afternoon was a tempter for golf.

But the President passed it up—instead, he took a look at his cattle, drove over to a nearby farm to see those of Washington business man George Allen, and got in more work on the address.

White House press Secretary James C. Hagerty said the speech is entitled "The Importance of Understanding."

"It will deal," he said, "with the need for greater individual and collective understanding of the interna-

tional facts of today's life.

"More specifically, the President believes the American people need to understand the nation's purpose and role in strengthening the free nations which, with us, see our concepts of freedom and human dignity threatened by atheistic dictatorship."

There were signs that Eisenhower would apply this thinking to the East-West troubles over Berlin and probably to Asia as well.

Thus it will be a follow-up to his report to the people March 16 on the status of the

Berlin threat and the need to stand firm against it.

The immediate audience Saturday will be seated in the athletic stadium at Gettysburg College. The speech is set for 9:30 a.m. CST. It will be broadcast live by CBS.

Chartered 127 years ago, Gettysburg is the oldest Lutheran college in the country. For the President, it has many memories and associations.

While he was stationed here at Camp Colt in World War I, the President and Mrs. Eisenhower lived in what is now the college alumni hall.

TENDER HELPING HANDS FOR HURT LAD

Attendants are shown gently lifting young Mike Burnett, 4, of 5336 Walker onto a waiting stretcher after he was injured in a traffic accident at 63rd and Walker. His injuries were not immediately determined. Story on Page 2. (Staff Photo by Willis Van Sickle)

Top Secret 'Bold Orion' Test Fired

...Launched From B47 Stratojet

Cape Canaveral, Fla. (P)—A B47 jet bomber streaked in over the Cape Friday and blasted a highly secret "Bold Orion" test missile toward a target some 700 miles out over the Atlantic.

The new air-to-ground weapon, a veritable intermediate range ballistic missile which can be launched from a plane, left behind a curly smoke trail as it roared away from beneath the B47 plane.

Air Force officials declined to comment other than to confirm that "a research and development test rocket was fired at the Atlantic missile range."

The two-stage solid fuel missile, about 25 feet long, was developed by the Martin Co., one of 3 firms vying for the "Bold Orion" contract.

It was learned that this was the eighth launching of the Martin test rocket from a jet bomber over the Cape. One of the sleek weapons traveled more than 1,000 miles to an ocean target.

The B47 Friday was trailed by a smaller jet which probably carried camera equipment to record the airborne blast-off.

Air Force experts believe that when developed, the "Bold Orion" program could lengthen the lifetime of such strategic bombers as the B47 and B52. The planes will be capable of firing the missile from well outside an enemy radar screen.

McDonnell aircraft and Lockheed, the other two companies developing "Bold Orion" models, also have conducted shoots from the Cape, both from plane and ground launching sites.

In one instance, the new B58 Hustler fired an air-to-ground missile just after the plane broke the sound barrier.

Titan Is Success

Cape Canaveral, Fla. (P)—The Titan ICBM, the Air Force's powerful new "second generation" rocket, shot over the Atlantic Friday on the third highly successful test flight in a row.

A bright ball of fire shortly after noon signaled the blast-off for what turned out to be the third Titan triumph in the short space of two months.

The 90-foot rocket, shaped like a giant bullet, was fired at a limited range close to 300 miles. Later it was announced that "preliminary data showed the Titan achieved all of its test objectives."

GAS WAR ARMISTICE

Lincoln's current gasoline war ended Friday after 4 days of price cuts.

Major brand stations were back up to 31.9c for regular and 35.9c for premium while independents were selling at 29.9c and 32.9c.

LAST OF HIDDEN TREASURE

Chadron, Neb., officers remove the last of a \$25,000 hoard of silver dollars found stuffed in jars in a house abandoned during 1942 by a man few people can remember. The last of the jars are shown being taken from an old tub in the basement of the tiny, weatherbeaten home. What is remembered about the mysterious hoard can be found on page 8. (Photo Special To The Star.)

Frogmen Surface After 48 Hours

Norfolk, Va. (UPI)—Four soggy but smiling Navy frogmen climbed out of a warm swimming pool Friday after a 48-hour stay that set a new underwater endurance record.

They were greeted by their wives, anxious doctors, a woman psychologist and a swarm of reporters and newsmen.

All 4 were pronounced in good condition after physical examinations but indicated varying reactions to their long ordeal.

The men, members of an underwater demolition team, subsisted on liquids from plastic squeeze-bottles while submerged but found when they surfaced that doctors deemed it unwise for them to eat for several hours.

NATO Ponders U. N. Sentinels

... To Man West Berlin Routes

Washington (P)—Canada urged the western big 3 nations Friday to consider proposing to Russia that the United Nations guard the freedom of access routes from West Berlin to free Germany.

The United States and France were reported cool to the idea on the ground it might weaken their wartime rights to help shape Berlin and Germany's future.

But the suggestion for giving the United Nations a role in easing the Berlin dispute appeared to have picked up some support from other members of the 15-nation Atlantic Pact.

Since Russia has a veto in the U.N., the plan would have to be acceptable to Moscow.

Defense Minister George Pearkes, Canada's delegate, put forward his government's plan in the second day of the North Atlantic Pact discussion of the Berlin crisis.

Without mentioning Canada's idea, Italy and Norway were reported to have suggested study of United Nations help to meet the problem.

Canada's suggestion took on significance because of the Canadian record in successfully proposing compromise settlements of difficult international disputes. In proposing it as a basis of future allied study, Pearkes stressed Canada strongly opposes any Berlin plan which endangers the allied rights there or the freedom of the West Berliners. He said Canada also rejects any arrangement foreclosing the prospect of German reunification.

Pearkes advocated United Nations intervention, however, because he said an East-West war over Berlin could mean the end of the human race or life itself. Canada joined other United Nations representatives in endorsing a tough negotiating policy in talks with Russia. The keynote was that Russia must match allied concessions with equal concessions which do not upset the present power balance in Europe.

By Betty Person

Sen. Stanley Portsche of Lincoln said Friday he expects the Revenue Committee will adopt an amendment to LB583 enabling the state to purchase various properties south of the Capitol for future expansion of government facilities and beautifying the Governors Mansion.

Portsche presented to the committee an amendment to LB583, the institutional building fund bill, which the attorney general's office approved as the means of enabling the state to acquire additional land for that purpose.

The committee withheld action on the amendment until Monday.

The amendment provides that revenue accruing to the Capitol Building Fund from the institutional building levy fund would be used to "acquire . . . either by gift, purchase, or by the power of eminent domain" the land it needs for these purposes.

'Outgrown'

Portsche said state government has "outgrown" the Capitol Building and "more office area is needed now and the need will only be increased in coming years."

The Lincoln senator also

GOT A DIME, PAL?

Has anybody got change for a quarter? Nineteen Delta Tau Delta fraternity men at the University of Nebraska became infected with the 'phone booth bug currently sweeping the nation and packed themselves like sardines into a campus booth. But the can had no lid, and some of the Deltas lost their shaggy roots on classmates' heads. The fad was repeated Friday at Creighton University in Omaha, where 24 jammed a standard booth to claim a new national record. See how it all came out in picture on Page 2. (Staff Photo by Bob McKay)

OK To Buy Land Next To Capitol Predicted

...Sen. Portsche Introduces Amendment

pointed to the problems concerned with parking in the Capitol vicinity and stated that additional facilities for this purpose are a "must" for those visiting the Capitol on business, as well as those employed in the Capitol.

Sen. Peter Clausen of Leigh concurred with Portsche on the need for additional office space and parking areas, and noted that Kansas has constructed an additional office building across from its Capitol which has been "most satisfactory."

Clausen suggested it would be well for Nebraska to study the Kansas situation and "profit from their experiences in this matter."

Both senators also commented on the need for beautifying the grounds surrounding the new Governors Mansion and providing the proper setting for the modified Georgian Colonial structure.

The Capitol Building fund totals about \$400,000 and under the present allocation, the revenue accrues at approximately that same amount each year.

Friday readings reached the high 50s generally across the state, with a high of 62 at Scottsbluff and Chadron.

High winds which raked the state early Friday had diminished by Friday afternoon.

U.S. Generals Talk Too Much, London Press Says

CHARGE OF 'MEDDLING' IS MADE

Hopes For Peace Said Imperiled
By The Associated Press
Do American generals talk too much?

A British newspaper claims they do and thus imperil the world's hopes for peace.

Norstad
This epithet usually is applied to leaders of the losing side in a war.

Labor Party Leanings
Britain's largest daily, the tabloid Daily Mirror which leans toward Labor Party views, devoted its entire front page Friday to an editorial attack on "meddling American generals." It carried a photograph of Gen. Lauris Norstad, top commander of NATO, under the line: "A Threat to World Peace." It claimed the peace is menaced by "loud-mouthed American generals."

Suggesting that Prime Minister Macmillan's Conservative government has been angry over recent statements by leading American generals the Mirror remarked:

"They appear to be totally unconcerned at efforts by the statesmen—Mr. Macmillan, Mr. Krushchev, President Eisenhower—to settle the future of the world round the conference table."

Official British circles denied the suggestion the government was angry. A spokesman conceded perhaps the timing of various generals' statements was unfortunate, with a foreign ministers meeting in prospect. But he added "there is no feeling of anger so far as the government is concerned."

The Mirror has not been alone in its sentiments. The day before, the Laborite Daily Herald and the Liberal News Chronicle reported the British government planning to protest recent testimony before Congress by Gen. Nathan Twining, chairman of the U.S. Joint Chiefs of Staff, and Gen. Thomas E. White, U.S. Air Force chief of staff, about the war readiness of allied rocket bases in Britain.

Cheek-to-Cheek

Rome (UPI)—Former Queen Soraya of Iran danced cheek-to-cheek with the man she is said to love.

The princess, former wife of the Shah of Iran, was taken to Rome's most expensive night club, La Cabala, by Prince Raimondo Orsini, the handsome nobleman reported to have won Soraya's heart.

New VA Quarters To Boast Carport, Built-In Efficiency

The new home of the Lincoln Veterans' Administration offices at 17th & N will be a modern 2-story structure of glass, steel and brick with the main entrance facing 17th St.

VA Regional Manager A. H. Duxbury said the new quarters, to be refurnished by a Kansas City construction corporation and including with 25,900 sq. ft. of floor space, will enable "much more efficient operation."

The present space in the Veterans Building at 12th and O is approximately 28,000 sq. ft., but does not have the usable "open" space needed for efficiency, Duxbury pointed out.

W. D. Ray of Kansas City, head of the Recon Corp. of

Nebraska, the contracting firm, conferred in Lincoln Friday with Duxbury and local VA officials and revealed plans for the new quarters.

Some of the points brought out are:

—The entrance to a basement carport will face N street on the northeast corner of the building. The underground garage will accommodate 40 automobiles.

—An elevator will begin in the basement and serve both floors. This is expected to be convenient for disabled veterans.

—The present Hompes Tire Co. building will be purchased by the Recon Corp. and razed, with only the shell remaining.

—Air conditioning equipment will be located on top of the building.

—The 142-foot length facing 17th St. will be constructed of 42x52 non-glare glass. The N St. and two other exterior walls will be off-white brick.

—The sidewalks on the north and west sides of the building will be narrowed to make room for landscaping. Trees and grass will be planted.

—Most of the offices dealing with the public will be located on the first floor. The adjudication division and several other offices will be housed on the second floor, where most files will be kept.

TOP SCHOLARS SHOULD GET FEDERAL AID—DR. WOLFLE

Adequate education for students of exceptional ability was urged Friday by Dr. Dael Wolfe, of the American Assn. for the Advancement of Science, at a University of Nebraska lecture.

The responsibility of providing such an education, he said, belongs to the nation as a whole, because such students are national rather than local assets.

Local control of schools, however, he called "one of the greatest practical obstacles" in accomplishing the badly needed improvement in American schools.

'Major Changes'
Today's situation calls for major changes "in our methods of education and the method by which we finance education," he said.

Dr. Wolfe advocated the use of national funds to meet the financial problems involved.

But, he said, these should not be given unrestrictedly to a state but should be used to accomplish something qualitatively different from what is achieved with local funds.

As for Nebraska with more separate school districts than any state and the most one-room schools, he said:

Ideal System?
"If the ideal school consists of a teacher on one end of a log and a single student on the other end, Nebraska comes closer to having an ideal educational system than does any other state."

"It is downright inefficient to divide the school population so finely that the average school district includes only about 50 pupils and three teachers, as in Nebraska," he said.

He suggested three ideas on how federal money could be well used:

To hire teacher counselors whose job it would be to counsel the teachers.

To install "teaching machines." These operate as aids on principles that a student will learn more rapidly if told immediately whether his response is right.

Up-to-date courses and texts, plus visual aids.

Financing higher education. Federal income tax laws should be revised so that contributions to educational institutions could be used as credit against the computed tax instead of as a deduction from income, he said.

Others injured were Mrs. Willard Perrin, 45, of 898 No. 27th, Mike Burnett, 4, of 5336 Walker and Mrs. Enid D. Bauer, 47, of 5336 Walker. All were treated and released from local hospitals.

All except Mrs. Perrin were passengers in the Bauer auto. She was in a car driven by Frederick D. Burns, 21, of 898 No. 27th, police said.

Cynthia Finds Little Fun In Birthday

Four persons suffered minor injuries in a two-car collision at 63rd and Adams Friday afternoon, police said.

One of the injured, Cynthia Lynn Chambers of 6844 Aylesworth was celebrating her first birthday. She suffered bruises on the head.

Others injured were Mrs. Willard Perrin, 45, of 898 No. 27th, Mike Burnett, 4, of 5336 Walker and Mrs. Enid D. Bauer, 47, of 5336 Walker. All were treated and released from local hospitals.

Railway Cops Nab Nebraska Pen Escapee

Cheyenne, Wyo. (UPI)—An escapee from the Nebraska State Penitentiary was arrested trying to cash in a railroad ticket at the train depot here.

Cheyenne police chief Fred Schmoker identified the fugitive as Harry Buckles, 32, Omaha, who escaped from the Nebraska Penitentiary in Lincoln early last Saturday.

Cheyenne officers were questioning Buckles about the armed robbery here Tuesday night. Buckles denied the robbery.

Special Agents W. V. Rairigh and John Swinehart of the Union Pacific Railroad became suspicious of Buckles when he tried to cash in a railroad ticket from Cheyenne to Elko, Nev. The ticket was not in his name.

Buckles, who was serving two years on a concealed weapons charge from Douglas County, walked away from a prison work-farm detail.

Bid For Ouster Of Herrington Denied-Terry

Sen. Terry Carpenter said Friday he had officially requested that Gov. Ralph Brooks remove State Tax Commissioner Fred Herrington from office.

His request was turned down, Carpenter said.

Carpenter criticized Herrington for statements made to the press which Carpenter said have been damaging to tax legislation.

City Policeman Hit By Car In Try To Arrest Driver

Police Sgt. Orley Barker was reportedly knocked about 6 feet early Friday morning as he attempted to halt the car of a Grand Island man who he said was driving in a reckless manner.

Barker, according to a police report, saw a car skid around the corner at 15th and O and he walked into the street to flag it down. The car slowed to about 10 mph, the report said, and Barker attempted to open the car door.

Then the car reportedly accelerated rapidly and Barker was knocked about 6 feet by the car's rear fender. He was not injured.

Arrested several hours after the incident was Clinton W. John, 27, of Grand Island, who police said was driver of the car which hit Barker. John pleaded innocent in Municipal Court to a reckless driving charge, and his trial was set for April 27. Bond was set at \$300.

PE Assn. Fetes NU Instructor

A University of Nebraska instructor of physical education for women, Mrs. Wilma Gimmestad, has been named recipient of the honor award of the American Assn. for Health, Physical Education and Recreation.

She received the award for distinguished service at the group's annual meeting in Portland, Ore.

Mrs. Gimmestad is also the recipient of the honor award of the Nebraska Association and the Central District Assn. for Health, Physical Education and Recreation. She has served as Central District representative on the AAHPER board of directors since 1956.

Probation Given In Morals Case

Eldean G. Burcham of Lincoln was placed on 3-year probation Friday in Lancaster District Court on a sodomy charge.

Burcham, 36-year-old former University of Nebraska instructor, had pleaded guilty before Judge Paul White to an incident involving a 19-year-old Lincoln Air Force Base airman last Sept. 26. The airman previously pleaded guilty to a sodomy charge and was also placed on 3-year probation.

Airing Due Apr. 13

The Legislature scheduled for debate April 13 the bill outlawing secondary boycotts in Nebraska.

The attorney general ruled Thursday he had serious doubts about the bill, LB560, because it was too vague as it now stands. But he suggested amendments to make it constitutional.

Lincoln Nike Project To Be Started In May

Ground-breaking for Nike installations around Lincoln is slated for May with completion date set for mid-1960, according to the Army Corps of Engineers.

Bids on the first phase of the Nike sites—drilling of 200-ft. deep wells will be opened about April 29, with construction required to begin 10 days after official notice to proceed is given, the Omaha office announced.

The Nike-Hercules installations themselves will be advertised for bidding in May, with construction time on the sites estimated at about 8 months.

Lincoln sites for the ground-to-air defensive missiles are near Berks and Agnew, north and south of the Lincoln Air Force Base. Both sites will have an operational building for the control facility in addition to the launcher site.

The Army Engineers also announced May 30 as the approximate date for opening bidding on the Omaha Nike sites. If there is a quick award, the construction could be started in July and completed and operational by mid-1960.

Ross, Fellman Moot Court Top Team

The team of Richard M. Fellman and Alvin L. Ross was winner Friday night in the final round of the annual Allen Moot Court competition in the Supreme Court Chambers at the State Capitol.

Fellman and Ross, both Omaha seniors in the University of Nebraska Law College, opposed Lawrence Sandberg Jr. of Lincoln and Frank Carroll of Cambridge.

The teams argued a federal income tax case before 3 State Supreme Court judges who determined the outcome of the case.

The winners received a key for their efforts and will have their names inscribed on a permanent bronze plaque in the Law College.

The public moot court was presided over by Justices Edward Carter, Adolph Wenke and E. B. Chappell.

Builders Union Strike Seen If Talks Fail

Union business agent Leonard Shaefer of Omaha said Friday a major strike affecting Lincoln construction will result if Lincoln contractors and Local 1140 of the Construction and Laborers Union fail to come to terms on a wage dispute.

Shaefer said between 3,000 and 5,000 members of the local will definitely go on strike next Wednesday if an agreement cannot be reached with the Lincoln Contractors-Employers Assn.

"There'll be no more postponements," Shaefer said. The union had extended its April 1 strike deadline to April 8.

The union is asking for a 27 cent an hour wage boost. Earlier, contractor atty. Dean Kratz of Omaha said the two organizations had agreed on a 25 cent an hour hike with a two year contract but were at odds as to the yearly portions of the raise.

Shaefer denied agreement on the 25 cent figure.

Demo McNamara Opens New Attack On Sen. Johnson

... 'Lack Of Leadership' Is Cited

Washington (AP) — Sen. Pat McNamara (D-Mich) brought into the open a new attack on the Senate leadership of Sen. Lyndon Johnson (D-Tex). McNamara released copies of a letter he wrote to Johnson March 30, declaring there had been a serious failure on the part of the Democratic leadership in a fight over jobless pay legislation. Five days before the letter was written, McNamara had lost a bid in the Senate to extend for 15 months the

temporary unemployment compensation program which was put into effect a year ago. McNamara's proposal was beaten 49-38. Then, in something of an upset, the Senate voted to extend the existing program for 3 months. That didn't last long, however. In the rush to recess for Easter the Senate and House compromised on a 3-month extension during which the program would taper off to nothing. In effect, the Senate accepted the House version without putting up a fight.

All The Steps McNamara, in deploring what he called the failure of the Democratic leadership, wrote Johnson:

"We who supported meaningful unemployment compensation legislation went through all the steps we could think of to secure the support of the leadership."

"If the majority leadership had taken a position against us, this we could possibly understand. But when the leadership refused to take any position, this we cannot understand."

"To say that this experience has been a disappointing one is to put it mildly. I am, of course, unhappy because our effort to improve the bill was not successful. I am even more concerned, however, because of what I consider a serious breakdown in the majority's responsibility in the Senate."

More Direct

McNamara's complaint was more direct than the one raised earlier in speeches by Sen. William Proxmire (D-Wis). Proxmire dwelled on the theme that the ordinary Democratic senator has too small a voice in party policy.

Johnson was not in the Senate the day the jobless compensation voting took place, having gone to Texas to make a speech. His office said he would be no comment here on McNamara's letter. Johnson never made any public reply to Proxmire.

Menze Estate Tops \$51,000

The estate of the late Carl H. Menze of Lincoln was valued at \$51,270.73 in an inventory filed in Lancaster County Court.

Mr. Menze, who died June 14, 1958, had real estate holdings in Lancaster and Seward County. He is survived by his widow, who lives at 3321 C.

HIGH SCHOOLERS DEBATE

Two days of argument and counter-argument among debaters of 22 Nebraska high schools will end Saturday afternoon with a trophy for the winning debaters presented by the Nebraska High School Activities Assn. Shown during preliminary

rounds are (from left) Mark Morris and Bill Melton of Kearney and George Henning and Gary Eilts of Omaha Tech. Teams from high schools in 10 Nebraska towns are in the annual debate tourney. (Star Photo.)

Bill To Speed Official Vote Tallies Advanced

Nebraskans wouldn't have to wait so long after elections to learn the official vote results under a bill which the Legislature's Government Committee agreed Friday to introduce.

The 29-page bill, revising about 30 sections of law, revamps the election timetable in Nebraska.

Most pre-election deadlines are advanced by 20 to 25 days, and the vote canvassing deadlines are moved ahead one week.

Qualifications for precinct counting boards also are tightened with the application of a 65-year age limit. Some sources have estimated one-third of the members of such boards may become ineligible as a result.

The new bill also represents belated response to a request which President Eisenhower sent former governor Victor Anderson in 1955, asking that the round-trip ballot time for voting by Nebraska servicemen and others away from home be lengthened.

Under the new bill, 40 days are allowed for obtaining and returning this type of absentee ballot. Present law allows only 25 days.

The Defense Department, which has pushed for the time extension, has estimated

Legislative Calendar

April 3, 1959, 62nd Legislative Day
Convened at 9:01 a.m.
Received new bills LB's 709 and 701.
Advanced LB's 262, 178, 443, 160 from select file.
Killed LB569 on general file.
Advanced LB's 512, 358, 513, 496, 499, 479, 466, 424, 328, 334, 289, 424, 508 from general file.
Adjourned at 11:59 a.m. to 9 a.m. Monday.

Accord Eyed On Racing Tax Measure

The Legislature's Revenue Committee will attempt to work out a compromise pari-mutuel tax bill next Monday in a special executive session.

The plan is to draw up a detailed compromise measure which all members of the 7-man committee can support when the bill moves to the floor.

Two pari-mutuel tax bills are pending. Sen. Terry Carpenter's proposal, LB658, to exempt the first \$1 million of revenue is expected to receive general support in the committee.

The other measure, LB604, introduced by Sens. Hans Jensen of Aurora, Arnold Ruhnke of Plymouth and Norman Otto of Kearney, would tax gross receipts at 4%.

Main Attraction

Washington (AP)—The cherry blossoms are once more the main attraction in Washington.

They burst into pink and white bloom overnight, drawing crowds of beauty lovers as they do every spring.

The trees, around the Tidal Basin and the Jefferson Memorial, are expected to be at their best for the National Cherry Blossom Festival. This will begin next Tuesday and continue until April 12.

Final Visit

Louisville, Ky. (AP)—Her pad-dies quiet and the stacks cold, an ancient stern-wheeler moved through locks on the Ohio River toward a final visit to her home port.

Future Somewhat Gloomy

By WILLIAM O. DOBLER

It was far from a rosy picture painted for the world at the North Atlantic Treaty Organization meeting by President Eisenhower. This, of course, is no reflection upon the President as what he said was merely a reflection of the realities of the day and the struggle between democracy and Communism.

"We must be prepared during the years ahead," the President said, "to live in a world in which tension and bickering between free nations and the Soviets will be daily experiences." In another story which was played in the same morning newspapers, a lad of nine was overjoyed with newly won friendships, made as a result of publicity of his case. He faces death within a year as a result of bone cancer. But due to the many people who have done things to cheer him up, the little fellow will at least spend a happy last year.

Certainly, there is quite a contrast in the two stories. A boy who has not yet learned to hate or even to fear finds peace of mind and contentment over simple friendships. He believes people like him and that is all he wants or asks for. For that, he smiles and thinks the world is a wonderful place in which to live.

He, of course, will never find out otherwise. He will not live through the years of tension and bickering of which Mr. Eisenhower spoke. But many other millions of people will — many who, like this little boy, don't know the meaning of such a state of being.

You can't help but wonder what world relationships will be like when the present generation has matured. Living adults today have experienced some times during their lives when the world was at peace and even knew a day of close ties with Communist Russia.

But the next generation might well never experience a real day of peace before they

reach maturity and begin shaping the world for themselves. True, Eisenhower's words are an expression of hope in that they show his belief there will be no shooting war. But it might be questionable if this is much relief in view of the cold war we must live with.

Tomorrow's senior citizens will have grown up, if world events follow the currently predicted pattern, never knowing a time of real security. They will always be facing a strong possibility of open conflict and bloodshed. They will be witnessing bloodshed on a limited scale in many parts of the world.

The Berlin crisis and the whole German problem will be repeated time and time again in the years ahead, even if it is not with us itself. In one form or another, Korea, the Suez Canal, Iraq, Cuba, Quemoy and Matsu, Tibet and other such problems and disasters will always be a part of life.

This, at least, is the promise held out to us by President Eisenhower and there is little evidence on which to base any doubts of his assertion.

It will be a condition calling for all the perseverance, self-sacrifice and determination that the people of the free world can muster. Perhaps, too, it will call for a dispassionate approach to life itself. There will be no need for a defeatist attitude but we will have to learn to live better than we now are with or in such a state of turmoil.

We will have to have a clear understanding of our international responsibilities and a firm conviction of political philosophy. Without this, there could develop too casual an acceptance of Communism which might yet destroy the free world in the long-run. One thing about Communist goals we do not know is just when they expect to fully reach them.

The most reassuring thing the Wall Street Journal and the American people could hear would be a highly responsible announcement from U.S. Steel, concurred in by the Steel Workers union that both have decided to regard the public interest and confine their coming negotiations to something less than inflationary results.

A little of that would do a great deal more than price and wage controls or federal investigations.

presence of strong, unfriendly challenging adversary. The government must look to national security and it must also continue to be a domestic government. All of which is to say it is pretty well stuck with a high cost operation.

It is an error in a free society of private enterprise to hold that society blameless and to place the responsibility for good or evil on the state. The point this nation is attempting to prove to the world is that free enterprise keeps its own house in order.

The most reassuring thing the Wall Street Journal and the American people could hear would be a highly responsible announcement from U.S. Steel, concurred in by the Steel Workers union that both have decided to regard the public interest and confine their coming negotiations to something less than inflationary results.

A little of that would do a great deal more than price and wage controls or federal investigations.

Loss Of False-Face

DREW PEARSON

Cagey Generals Outflank Porter

WASHINGTON — The Air Force hastily canceled a flight of top brass to Spain the other day after Oregon's crusading Congressman Charlie Porter, who went along as a reserve officer, threatened to confront American Ambassador John Davis Lodge and demand his resignation.

As a result, the planeload of generals and colonels stopped at London, Paris, Wiesbaden, Rome and Naples — but adroitly skipped Madrid.

Congressmen Porter and T. A. Thompson of Louisiana, both Air Force reservists, accompanied the military delegation which was commanded by Maj. Gen. R. A. Grussendorf. Their purpose was to compare notes with European military leaders on military reserve programs.

An outspoken foe of dictators, Porter served notice that he would take advantage of their Madrid stop-over to lambaste Ambassador Lodge for his warm support of Dictator Franco. Porter pointed out that Lodge had called for a change from the polite handshake to the warm embrace in our dealings with Franco. This was just the reverse of what was happening in Washington where the administration had called for a cool attitude toward dictators.

Since Ambassador John Lodge in Spain is the brother of Ambassador Henry Cabot Lodge at the United Nations, his statement car-

ried weight. Therefore, Porter said he intended to tell Ambassador John Lodge to his face that he ought to quit pampering dictators and resign.

But the outspoken congressman never got a chance to confront Lodge. The forewarned Air Force quietly crossed Madrid off the itinerary. General Grussendorf showed Porter a letter from the U.S. air attaché in Madrid, explaining there was no reason to stop there since Spain has only 25 reserve air officers.

Women sometimes have a lot to do with picking presidents. This applies to wives, also to secretaries.

Today in Albany, N.Y., mail is pouring into the office of Gov. Nelson Rockefeller from all over the nation asking if he wants to run, whether he's going to run, and offering help to make him president.

Who is screening this mail? A lady who had a lot to do with the early days of picking Eisenhower — Ilene Slater. Miss Slater used to be boss girl for Sherman Adams, the man who engineered Eisenhower's early campaign in 1952. Miss Slater knows the score politically, can sort out the phony letter writers from the real supporters.

Significantly, she has no love for Nixon. Neither has her boss, the governor of New York.

DORIS FLESON

Demos Outspending The Republicans

WASHINGTON — The departure of Meade Alcorn from the chairmanship of the Republican National Committee has once again brought up the question of the essentiality of the national party committees between elections.

This has been a sore point for years among the Democrats and has embarrassed them in fund-raising efforts. National Chairman Paul Butler believes in maintaining a full panoply of functionaries in the off years. Treasurer Matthew H. McCloskey thinks that the committee ought to get down to the bare bones between elections. He has come near advocating responsibility for keeping the machine going in between times.

This particular problem has not been brought into such sharp focus among the Republicans, but it is true that if the Democrats attempt to keep a full head of steam at all times, the Republicans do too. Both party organizations are excessively imitative of each other. Witness the GOP efforts to duplicate for itself the soul searching which the Democratic advisory council attempts to do.

Both the Democratic and Republican national committees are expensive operations. It will come as a surprise to Democrats who are used to being outspent in elections by the Republicans to learn that their committee's operations currently are more costly than that of the Republicans. The Democratic national committee tab is now just short of a million dollars a year. The Republicans check in at about three quarters of that.

A difference, albeit small, lies in the fact that the Democratic national chairman gets paid and the GOP chairman does not. The advisory council is also included in the Democratic Budget.

The heavy cost of running the national committee has kept the Democrats solidly in debt since the last presidential election. Money raised from dinners and otherwise has been required to meet current payrolls and expenses. Theoretically the original debt has been paid, but its amount gets transferred from year to year.

Democratic fund-raising prospects were materially raised by last November's sweep. At the same time the Republicans' money raising activities have been hampered by the dispute as to the goals of the party, which has left some right-wing fatcats disenchanted.

Politics on every level is today much more expensive than a generation ago. But it may be that it is not an increase in responsibility or technological revolutions in communications which have led to the increase in the size and costs of the national committees. Always at work are the forces of bureaucracy where accretion is the law of nature. The rule here is the bigger the better. Experience demonstrates that this is not necessarily the case. The Democratic committee was never more effective than in the days of Herbert Hoover when it consisted very largely of John J. Raskob, an unpaid chairman, and its propagandist, Charley Michaelson, and his vivid typewriter.

A THOUGHT FOR THE SABBATH

Stories Of Famous Hymns

There's A Great Day Coming

There's a great day coming,
A great day coming,
There's a great day coming by and by,
When the saints and sinners shall be parted
right and left,
Are you ready for that day to come?

There's a bright day coming,

A bright day coming,
There's a bright day coming by and by,
But its brightness shall only come to them
that love the Lord,
Are you ready for that day to come?

There's a sad day coming,

A sad day coming,
There's a sad day coming by and by,
When the sinner shall hear his doom,
"Depart, I know ye not",
Are you ready for that day to come?

By HORACE B. POWELL

The "great day" of which Will L. Thompson is singing here is Judgment Day and his song bears that title in many hymnals. Half a century ago, when evangelism was sweeping America, the song was a favorite in revivals and Mr. Thompson, who was a popular singing evangelist of the day, was called upon frequently to sing it for applauding audiences.

Mr. Thompson was born in Liverpool, Ohio, in 1849 and he lived there until his death, in 1911. He has left us many precious gospel songs and for many of these he wrote both words and music.

The evangelist was well qualified to write on this theme for his own life was changed some years earlier, when he was persuaded to become a Christian in a Methodist revival service.

It was this spiritual experience, in all probability, which made Will Thompson eager and anxious to win others and he must have found a deep satisfaction in the contribution which his soul-winning hymns made to this ministry.

Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

A Political Decision

Lincoln, Neb.

Mr. Matthews' letter of March 26 is very disconcerting, since it indicates how little we really know about the conduct of our governmental affairs.

The Commander-in-Chief of American armed forces is not the general in the field, but the President of the United States. He also makes all political decisions in the course of a war. The partition and occupation of both Germany as a whole and of Berlin as a separate unit was a political decision.

The plan for the division of Germany—and Berlin—into three zones (France was included later) originated with the British in 1943 and was later accepted by the United States and Russia at Yalta in 1945. At this later date it was agreed that France should have part of the Anglo-American zones. At this time, also, arrangements were made for a four-party Allied Control Commission.

Actually, of course, it was academic as to who should enter Berlin first as in any case it was to be divided according to this plan.

In his book "Triumph and Tragedy" (starting on page 507), Sir Winston Churchill gives the whole story. He was one of the parties to the agreement. President Roosevelt and Marshal Stalin were the others. It would be well for all Americans to read this book, so that they may understand how the Soviet Union negotiates.

As for President Eisenhower's reluctance to attend a summit meeting — he asks only that such a meeting should give some evidence of productive results. This is an altogether reasonable requirement. Too often the Soviets have used international conferences as platforms to launch fresh outbursts of stale propaganda. It is to the President's credit that he wants such conferences to promote world peace and understanding not to be used for purposes which are both misleading and deeply disappointing when the people of the world find they have come to nothing.

FLORENCE EHLMANN

More 'Bigness'

Anselmo, Neb.

Some people just can't resist the idea of bigness. They want larger farms, bigger corporations, consolidated banks, all under one management. Does all this guarantee freedom? On the contrary, it restricts freedom by putting all power in fewer hands. We want a federal government but we object to having no local voice.

School consolidation is part of this idea. Some favor large schools, transporting all children to town, and doing

away with country schools. Many small schools are just as efficient as the larger ones and do not have the troubles that the big schools have. Maybe we should move all farmers to town and let them drive to their farms each day. We need a lot of farms and a lot of schools, not just big ones. Let us remind our senators of this.

M. S. DAILY

Luther College

Ceresco, Neb.

The subject about which I am writing is Luther College of Wahoo, Nebraska, a college of the Augustana Lutheran Church, which the hierarchy of the church are apparently attempting to close.

We believe the pressure is being applied from other sources than the Nebraska Conference Churches to close Luther, and we deeply regret that the Nebraska Conference president and the president of Luther College and the Academy Board appear to be yielding to that pressure. We regret also from reports of student solicitors for Luther that apparently some pastors of the Nebraska Conference have given little or no support by way of counselling their youth to attend Luther. We believe that the constituents of our Nebraska Conference should be made aware of this matter.

Luther College is, as I suppose all institutions of the church, under financial stress. I suppose if we were to look at the dollars we spend on behalf of our Christian faith as the world looks at it, we have never spent a wise dollar. However, let's look at the young people who are serving Christ and His church as a result of the Christian training they have received at Luther. Many times the extra effort by one or other of the faculty has helped to bring some youth

to find himself and thus to become a better servant of God. His church and the community.

We do not favor the closing of any of our Christian schools. Especially in this time when students are being turned away from some of our schools because of lack of facilities and personnel.

More could be said. I appeal to the delegates and pastors of the Nebraska Conference at its annual meeting in Newman Grove, Nebraska: obtain all the facts about the situation concerning Luther. Weigh them carefully and prayerfully. Then in light of what Luther has been, is now, and can be with strong support, vote to keep Luther as a servant of Christ, His church, and our American community.

ARCHIE LARSON

Drivers' Tests

Lincoln, Neb.

There are many disadvantages in the proposed law on drivers' tests. And who shall be the judge to disqualify for years the innocent non-accident drivers?

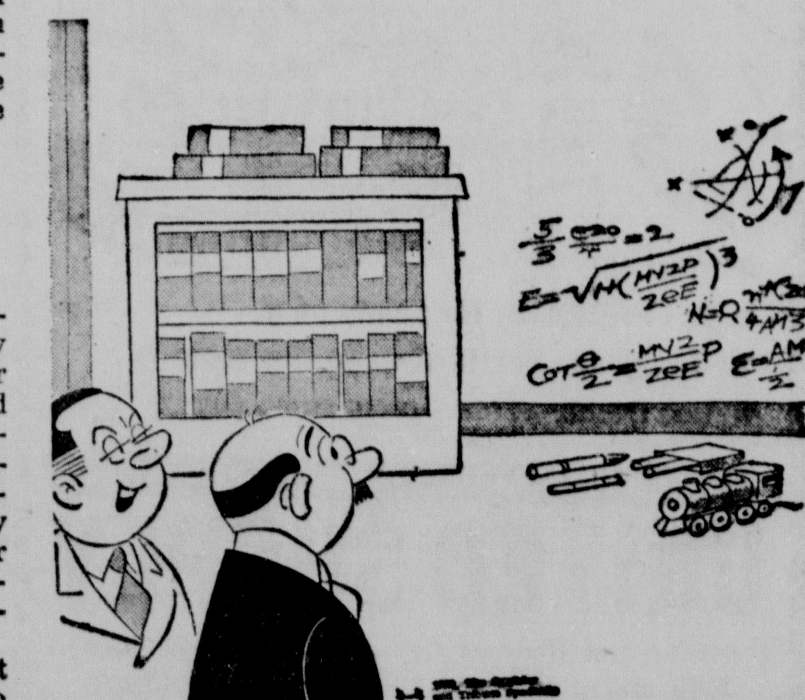

The guilty accident drivers will all pass 100 per cent, while the non-accident drivers will be a wee bit nervous, afraid they won't pass. Such a bill is not right, when they all know the age group which causes most of our accidents. The speeders, drunks and drag-racers will still be driving, and 50,000 other drivers will certainly remember election day. Also, the state would lose a lot of tax money in license fees.

The 16-year-old boy needs to be taught a trade in high school instead of driver's lessons. They call them good drivers, but with no car to drive, since Dad needs it for work. They even hate their own parents because they have no cars to drive. And where does delinquency start? In the home.

Prospects Stronger For Morton As GOP Leader

...Senator Would Accept Job

Washington, (AP) — Prospects grew stronger that Sen. Thurston B. Morton of Kentucky will succeed Meade Alcorn as chairman of the Republican National Committee.

Morton interrupted an Easter congressional vacation to fly here for a breakfast conference with Alcorn, who is quitting to return to his law practice in Hartford, Conn. The senator took a noon flight back to Louisville.

After the chat, Alcorn told a reporter that obviously talked about Morton's availability for the GOP chairman-

ship. He added the 51-year-old senator reiterated that he would take the assignment if the committee wanted him.

Before leaving for Washington, Morton told newsmen in Louisville that if he is elected chairman at the committee's meeting here next weekend, he would not serve beyond the presidential election next year.

Through Convention
"I would expect to continue through the Republican convention," he said, "and then if the nominee wanted me to, I would continue through to the election."

A presidential nominee picks his own party chairman, subject to formal committee ratification. He could keep the incumbent chairman or select a new one after the convention.

Alcorn, who left Friday for a weekend at his Connecticut home, will name a committee President Eisenhower and get his views on a new chairman. The conference will take place at Eisenhower's Augusta, Ga., vacation cottage, probably next Friday.

The committee traditionally is governed by the President's views. Committee action will be taken Saturday.

Backed
Sen. John Sherman Cooper (R-Ky) backed Morton in a statement saying:

"Support in Kentucky for my colleague . . . is unanimous and enthusiastic."

"He is vigorous and able, and will make a great chairman. I am confident that he will be elected."

Shortly after the Alcorn-Morton conference, the national committee announced that Republican state chairmen from 12 southern states, including Kentucky, will meet Saturday and Sunday at Ft. Lauderdale, Fla., to consider party rebuilding proposals and the position of southern Republicans regarding a 1960 party platform.

CARMICHAEL

NU Suspends Sgt. Furrow For 30 Days

Sgt. John Furrow of the University of Nebraska campus police has been suspended from duty for a period of 30 days, University of Nebraska officials announced Friday.

The suspension was based on action in Lincoln Municipal Court, when Sergeant Furrow was fined for two traffic violations.

University officials said that upon Sergeant Furrow's return to duty he will be placed on probation for an indefinite period of time.

Acting head of the campus police for the 30 days will be John Lehl, a member of the force since 1953.

Twiford To Head U.S. Guidance Leaders Group

Dr. Don D. Twiford, state director of guidance services in the Nebraska Department of Education, has been chosen president-elect of the National Assn. of Guidance Supervisors and Counselor trainers.

The election took place at the Association's recent annual convention in Philadelphia, the State Education Department reported.

The association is a subsidiary of the American Personnel and Guidance Assn., with a membership of nearly 8,500 guidance workers from the 50 states and territories. Nearly 250 Nebraskans belong.

Twiford holds a doctorate from the University of Nebraska and has directed guidance services since 1949.

Abbas To Visit India

New Delhi (AP) — India's governing Congress Party has announced Ferhat Abbas, premier of the Algerian rebel government in exile, will fly here next mid-week as its guest on a visit to India. The foreign minister said he probably will call on Prime Minister Nehru, but the government is not his host here.

70 Apply For Ak-Sar-Ben Aid For Teachers

State Education Commissioner F. B. Decker has announced that 70 applications have been received for the 30 Ak-Sar-Ben scholarships available to teachers for summer school study.

The state committee on the scholarships will meet in Omaha April 20 to select the 30 considered most worthy.

Members of the committee are Frank Brady, Atkinson; W. W. Cook, Beatrice; Dean Furse, Red Cloud; Mrs. Fritz Krause, Alliance; Mrs. Gordon Nuernberger, Wakefield; J. O. Peck, Columbus; George Reynolds, Imperial; Mrs. Ennis Shepherd, Lexington; Mrs. Mary Steele, Omaha, and Mrs. Arthur Sweet, Nebraska City.

Measure To End 'Double Tax' On Gas Axed In Unicam Committee

By Don Walton

A bill designed to exclude state excise tax levies from the value of taxable personal property was killed Friday by a 4-3 vote of the Legislature's Revenue Committee.

Three tax bills, introduced by Sen. John Cooper of Humboldt, were axed in executive session.

One measure, LB666, tightening tax collection procedures on sale and removal of property survived a public hearing and was advanced to the floor by a 7-0 vote.

In other action, the committee agreed to introduce a new bill which will correct errors in correlating reporting dates and harmonize the date of return of assessment schedules with LB48, which has already been enacted into law.

No Oversight

The errors involved drafting of LB48 and were not the result of legislative oversight.

The committee also agreed to consider an amendment to LB685, now on the floor, which would incorporate much of the intent of Cooper's LB669, relating to confidential tax information.

LB672, introduced by Sen. Jack Romans of Ord, was aimed at halting double taxation of independent oil dealers, he testified.

The bill was written, however, to exclude all state excise tax levies from the value of taxable personal property and would have involved a number of other business fields.

Romans said the independent oil dealers must add the 7-cent gasoline tax to the value of gas, and are then taxed for personal property on that value.

This amounts to being taxed on "property he doesn't own," Romans said. Let the courts rule on legislation to remove the excise tax from property tax valuation, he urged.

'Law Ignored'

Sen. Terry Carpenter of Scottsbluff said the courts have already ruled adversely on the question. He said "a great many" oil dealers do not pay on the excise tax now, contrary to law.

However, under tax legislation passed this session, Carpenter said, "they'll pay it now."

Further, the Scottsbluff legislator said, oil dealers are in "one of the most lucrative businesses in the world for the money invested... they're not abused." Carpenter is himself an oil dealer, he noted.

Sen. Norman Otto of Kearney pointed out that other businesses are also double-taxed on raw material and their product. Sen. Oliver Olinger of Tekamah said farmers too are double-taxed on feed and marketed cattle.

LB668, Cooper's so-called "income tax" on intangible property, has been termed unconstitutional due to property tax replacement restrictions, the committee was told. It was killed by a 4-3 count.

The other two, LB669 and LB670, were unanimously killed.

Riots Break Out In Buenos Aires

Buenos Aires (UPI)—Thousands of shouting, stone-throwing Peronist and Communist workers rioted in downtown Buenos Aires in protest against the government's austerity and labor control policies.

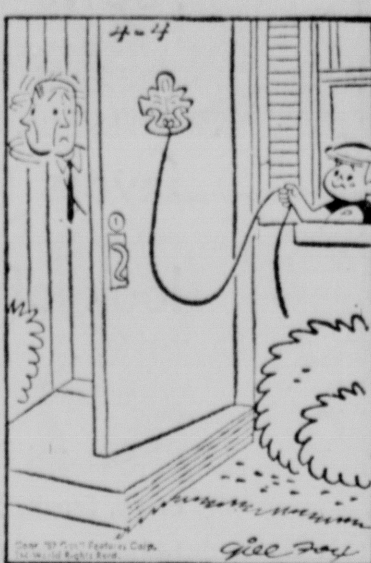

Unofficial reports said more than 200 rioters were arrested and at least 60 were injured in the disturbance that lasted several hours. Police used tear gas and fired shots into the air in attempts to bring the mob under control. Quiet was restored.

Marines armed with machineguns were called in to help the police.

1958 Another Record Year For Consumers

Columbus, Neb. —Consumers Public Power District charted another record year in 1958, its annual report issued Friday showed.

Gross operating revenues were up 4.8, and operating expenses rose 7.4, while the average cost of electricity in 1958 was down from 2.57 cents per kilowatt hour to 2.565 cents.

Listed as highlights for the year 1958 were:

- Record number of customers totaling 120,581, up 2,704.
- Record sales of 883,815,172 kilowatt hours, an increase of 66,707,070.
- Average residential use of electricity rose to a new high of 3,025 KWH per customer as compared to 2,940 KWH in 1957.
- Additions and improvements to CPPD properties involved expenditures of \$5,130,000.

The start of construction on the 100,000-kilowatt Sheldon Station conventional steam power plant and related sodium graphite-type nuclear facility, was a major feature in the CPPD progress report for 1958.

\$12.6 Million At Hallam

Consumer's 1959 budget includes \$12.6 million for the following sources: residential sales, 36.8%, farm sales, 7.4%, commercial sales, 29.3%, industrial sales, 9.9%, public authorities (including street lights), 5.6%, sales for resale, 7.7%, and other sources, 3.3%.

Expenses for the CPPD systems totaled \$14,180,655, and came from the following sources: power cost, 41.6%, transmission and distribution, 10.4%, administrative and general, 14.7%, depreciation, 9.5%, taxes, interest and other deductions, 5.9%, and net for bond retirements and improvements, 18.3%.

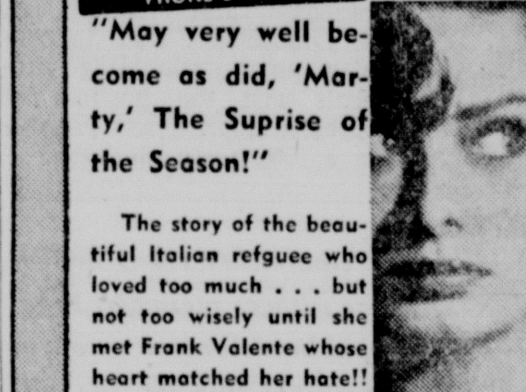

Consumers now serves a total of 299 communities with retail power and 55 with wholesale power in their eastern and western systems in Nebraska. Employing 944 full-time and 149 permanent part-time workers, the CPPD operates 3 steam plants, 16 hydro plants, and 14 internal combustion plants and has a total of 4,005 miles of transmission lines.

New Bills Pass 700

Bills introduced at the current legislative session passed the 700 mark Friday. The Legislature many weeks ago topped the old record of 615 bills introduced at a unicameral session, set two years ago.

The number 700 was applied to an Agriculture Committee bill authorizing Nebraska to negotiate a compact with Kansas for division and apportionment of waters of the Big and Little Blue Rivers and their tributaries.

Specifically, the bill authorizes the governor of Nebraska to appoint a commissioner or commissioners who will represent the state on a joint Kansas-Nebraska commission.

Any compact agreed upon would not become binding until ratified by legislatures of the two states and approved by Congress.

The measure was asked by Dan Jones Jr., Nebraska's water resources director.

LB701, introduced by the Banking Committee, is designed to clarify the method of taxing stock shares in building and loan associations.

A recent attorney general's opinion obtained by State Sen. Terry Carpenter of Scottsbluff held that the long established practice of assessing such shares at 10% of value was not based on law.

Under LB701, the stock would be taxed at 4 mills on the dollar of actual value, "less the proportion of the value of said stock or shares invested by the associations in real estate mortgages or other property, both tangible and intangible, listed and taxed in this state."

Meet Star Carrier Donald Brooks

Star carrier Donald Brooks was bitten by the camera bug at the same time he became interested in a paper route.

Don, son of Mr. and Mrs.

Frank Brooks of 3205 Curtis Dr., has used his route profits to purchase his photograph equipment. As a result he owns a complete darkroom and has acquired some 2,000 feet of 8mm film.

At the present time he is saving for a print dryer and a miniature 8mm camera.

Don, a Southeast High School student, is interested in science and mathematics. These interests are in line with his intention to become either an electrical engineer or professional photographer.

After graduation he plans to take his college courses at the University of Nebraska. On his route in the area between 44th and 48th and Van Dorn and High streets. Don's service is among the best in the city, his customers declare. His salesmanship has helped him add 10 additional customers to his route.

With all of his activities Don has never been too busy for his church obligations. He is a member of Christ Methodist Church and always can be seen at Sunday services as well as the Youth Fellowship meetings.

Columbus Okays Fluoride Program

Columbus, Neb. (P) — The Columbus City Council has approved addition of fluoride to the city's water supply.

The water will contain about one part of fluoride to one million parts of water, the amount recommended by the State Department of Health.

The program will be under scrutiny of the Health Department.

3 Rings By Postman

Paris (P) — The postman may ring thrice, the government has decreed — for mail, mail and bread. Residents of remote communities may subscribe for a fee to a new food delivery plan added to the regular postal service.

Few Chadron Residents Able To Recall Sweeney

By Don Huls
Editor, Chadron Record
Chadron, Neb. — Who was John Sweeney, the man who evidently cached a fortune, estimated at many thousands of dollars, in the dirt cellar of a rundown, deserted house on the outskirts of Chadron.

Not too much can be recalled of Sweeney by the residents of Chadron, although the name is familiar to many.

According to available records, he was born in Dawes County February 13, 1901, the son of a city police officer. The family included 3 children, a sister, Margaret, who was older and another sister, Mildred, who was younger than John.

Treasure Buried In This Rundown House

The old Sweeney home, located on the outskirts of Chadron, attracted much attention this week when an estimated \$25,000, mostly in silver dollars, was found in

of his treasure with loving care.

He had not actually lived in the house for a number of years, but made regular trips back to Chadron. It was thought he was coming back to look after the house, but it is apparent now that he returned to deposit more money in the cellar cache.

The discovery of the hoard was brought about by Sweeney's two sisters who were in Chadron looking after matters of the estate following his death. He died Mar. 22 at Hot

Springs, S.D. and was buried in Chadron Mar. 27.

The sisters, inspecting the property, discovered the door to the basement securely locked. They asked police assistance in forcing their way to the small underground room where the cache was found among a litter of old trunks, some clothing, a cot, and other items. They opened an old streamer trunk and found a number of glass jars filled with rolls of silver dollars. An old cream can, so heavy it required 3 men to lift it, contained still more jars of the money.

In all, the officers uncovered 52 jars of money. The money was transferred to the Bank of Chadron. The officers, returning to the house, made a more thorough search and uncovered 53 more jars, making a total of 105 jars in all. Nearly all the jars contained silver dollars, although some paper money and coins of smaller denominations were included.

Just how much money there

is in the hoard won't be known for a time, at least. Counting of the money was halted due to legal technicalities, after a few of the jars had been opened.

Dawes County Attorney Bevin Bump advised the sisters, apparent heirs of the treasure, to hold up the counting until legal steps could be taken to assure that all possible interests in the money are protected. The jars of money have been placed in the vault of the Bank of Chadron until permission is secured to proceed with the counting.

Meanwhile, a guard has been posted at the deserted Sweeney home to ward off any possible treasure seekers.

City Managership Offered To Coffey

Sidney, Neb. — The Sidney City Council voted Friday to offer the job of city manager to Tom Coffey, 51, of Alma.

Coffey is a former Nebraska state purchasing agent. He was interviewed by the council last Monday and indicated to members at that time he would accept the position.

The city manager job has been vacant since the resignation of Murrey Fuller last February.

Dominy Succeeds Dexheimer As Resolution Head

Washington (UPI) — Floyd E. Dominy, a native of Hastings, Neb., was appointed commissioner of the Bureau of Reclamation Friday by President Eisenhower.

Dominy's appointment is effective May 1, the effective date of the resignation of Wilbur A. Dexheimer.

Seaton Aims At Michigan 'Deficit Dealer'

Gettysburg, Pa. — Secretary of the Interior Fred A. Seaton said Friday night the nation's educational institutions have a life-and-death interest in trying to halt inflation.

He called on universities and colleges "to join with those of us who are working with all our might for fiscal integrity in government, whether it is local, state or federal."

In that connection, Seaton took a dig at Democratic Gov. G. Mennen Williams of Michigan without naming him.

The Eisenhower cabinet member said, in a speech at a convocation at Gettysburg College:

"In Michigan, a political force under a professedly liberal banner, has for a decade avoided the hard realities of the management of the state's finances and relied heavily on deficit financing. As a result, the governor of Michigan is presently known far and wide as a dealer in deficits."

"As of today, Michigan has a \$7 million lag in old-age and children's aid funds. It is \$27 million short on payments to its public schools. It is \$15 million behind in payments to its 3 leading state universities."

Lexington Family Of 7 Makes Safe Getaway As Home Burns

Lexington, Neb. — An explosion and fire drove a Lexington family of 7 into the cold in their night clothes early Friday and virtually destroyed their home.

Fire Chief Leo Shaw attributed the explosion and blaze to a gas leak and said several subsequent explosions were heard before firemen could dig into the lawn and cut off the gas at the main.

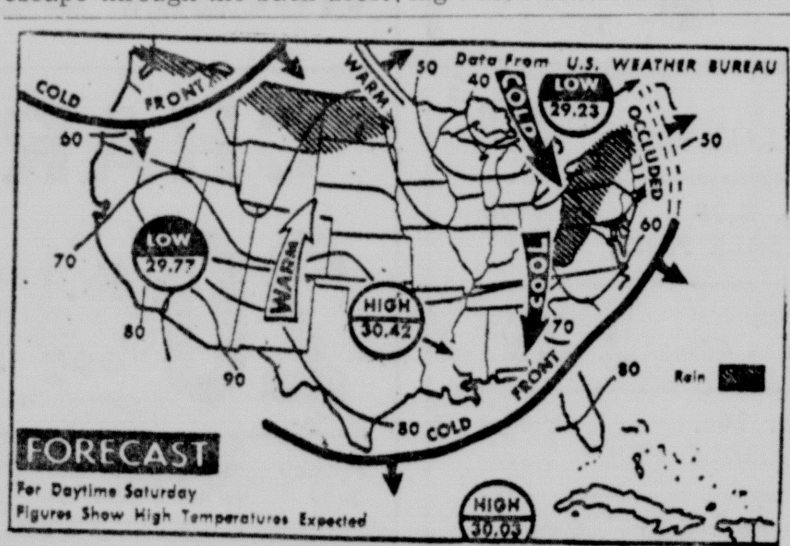

The explosion and fire made a shell of the Glen Daugherty residence.

\$15,500 Damage
Shaw estimated personal property loss at about \$5,000 and damage to the home at \$10,500.

Three boys escaped through a window when the flames blocked the stairway leading to the first floor from their basement bedroom. The old-

est of the 3, Wayne, 15, led his brothers, Kenneth, 8, and Dale, 7, out of his bedroom window.

Mr. and Mrs. Daugherty and their daughters Linda, 13, and Cynthia, 3, were able to escape through the back door.

Good Weather On Tap For Weekend

Scattered showers are likely in the north and central Appalachians and lower Lakes district Saturday. Scattered showers are also forecast for parts of Florida, and northern borders of the U.S. from Dakotas to the Pacific Coast. Temperatures should be cooler over the Gulf region and most of the eastern third of the U.S. (AP Wirephoto Map)

Had Morning Wedding A Future From The Past 'New Neighbors' Trio

MRS. JAMES B. CARSKY

For the wedding of Miss Katherine Skinner, daughter of Mr. and Mrs. Robert Skinner of Herman, and James B. Carsky, son of Mr. and Mrs. Edward Carsky of Johnston, N.Y., which took place Friday morning, April 3, all-white chrysanthemums and snapdragons appointed the altar of St. Patrick's Church in Tekamah.

Mrs. Paul S. Brown of St. Louis, as the matron of honor, and the bridesmaids, Miss Joyce Lain, St. Louis, and Miss Prudence Morrow, Omaha, wore alike frocks of royal blue peau de soie.

Serving his brother as best man was Dr. Edward Carsky of Syracuse, N.Y., and seating the guests were Bruce Skinner of Herman, brother of the bride, and Alex Carsky of Canajoharie, N.Y., brother of the bridegroom.

The bride's gown of ivory peau de soie was designed in the colonial mode. A draped fichu of the silk framed the shoulder-wide

decolletage of the snug bodice, which was completed by long sleeves of Chantilly lace, and the full skirt extended from tucked fullness into a chapel train.

The couple will reside in Syracuse, N. Y. Mrs. Carsky is a former student at the University of Nebraska.

—Lincoln's past is getting close scrutiny these days, with emphasis, of course, on Centennial Week which will be held May 2 to May 9, inclusive. The week, as doubtless you already have heard, will open with the Centennial Ball to be held on Saturday evening, May 2, at Pershing Memorial Auditorium. And one of these days the posters, announcing the Centennial—the ball and some of the special features, will be going up around town. When you see them applaud the group that distributed all 500 of them—The poster distribution committee, we hear, is headed by Mrs. James Evinger. But there also is another poster committee, of which Mrs. Donald Pegler, Jr., is chairman. There are only five posters involved—but they are hand-lettered—and hand painted. The poster artists include Mrs. Ralph Ludwick Jr., Mrs. W. H. Browne, Jr., Mrs. William L. Beachley, and Mrs. Silas Markeson.

—But the Officers' Wives Club at the Lincoln Air Force Base aren't stopping with Lincoln's past—The group has a Centennial tea planned for Wednesday, April 29, at the Officers Club which not only is a Centennial gesture, but also a salute to Lincoln women.

The Officers' Wives

Club, as we said before, aren't stopping with the Centennial theme—Their plans include "Honoring Lincoln's Historic Past; Saluting the Present, and Toasting its Future." Who could ask for more?

The committee in charge of the tea details is composed of Mrs. L. A. Webber,

chairman; Mrs. Charles Dean, Mrs. J. W. Sweazy, Mrs. Jack McCamic, Mrs. J. A. Hutchinson, Mrs. Wilbur Beezley, Mrs. Harold Loughran, Mrs. V. A. Collins, Mrs. J. W. Gieker and Mrs. James Pumford.

—Have some guests to mention this morning—They are Mr. and Mrs. J. Eugene Tay-

lor of Nashville, Tenn., who arrived yesterday to be the Friday-to-Sunday house guests of Mr. and Mrs. E. J. Faulkner.

As a courtesy to their guests Mr. and Mrs. Faulkner will entertain a small group of guests at dinner at the Lincoln Country Club this evening.

Dear Abby . . .

Like A Store Dummy!

Abigail Van Buren

DEAR ABBY: I was in a big store shopping for an Easter party. I was picking up bunnies and chicks and little things for table decorations. I couldn't hold everything in my hands so I asked the floor manager if he would give me a sack, while I shopped some more. He said, "No" and I said, "Why not?" He said, "Because you could walk out the door without paying for them." I said, "If that was my intention I would have brought my own sack." He just turned his back on me. I am still plenty burned up about this and if I had more time I'd have dumped everything on the counter and shopped elsewhere. Don't you think a good store

should provide baskets for their shoppers?

STILL MAD
DEAR STILL: Indeed I do. And the store where you shopped also could have provided a more tactful floor manager.

DEAR ABBY: A lady wrote to your column and complained that her husband "lost" four hankies in one week. Well, I have her beat. My husband lost two pair of underwear in three days! He comes home drunk and can't remember anything. When I accuse him of running around he says I'm crazy. How should I handle this?

HAD IT
DEAR HAD: Go with him and see that he doesn't lose

his shirt.

DEAR ABBY: I went to my doctor for a check-up and he said I should lose ten pounds and he put me on a diet. My husband does not think I am over weight and said if I lost ten pounds I would be a bag of bones and he would have to shake the sheets to find me. Should I obey my doctor or my husband?

AUDREY
DEAR AUDREY: On matters of your health, listen to your doctor. Your husband is still dreaming about the Gibson girl.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, enclose a self-addressed envelope.

Just last Wednesday Mrs. Robert Conrad, and the two Conrad small fry, Charles and Jane, arrived to join Mr. Conrad, administrative assistant to Gov. Brooks, in Lincoln.

The three new arrivals and the moving vans came from Genoa, and now the Conrad family is getting settled in its new home at 2001 Calvert St.

Although a native of Nebraska Mrs. Conrad, the former Mildred Mastny of Schuyler, attended the University of California.

Friday Evening Bride

MRS. DUANE STRANDBERG

The marriage of Miss JoAnn Hinze, daughter of Mr. and Mrs. George F. Hinze, to Duane E. Strandberg, son of Mr. and Mrs. Elmer E. Strandberg, took place at an 8 o'clock ceremony on Friday evening, April 3, at the Havelock Christian and Missionary Alliance Church. The Rev. James T. Cunningham read the lines before a background of lighted cathedral candles and arrangements of white stock.

Wearing alike frocks of confection blue taffeta, the attendants were Mrs. Dale Harmon of Ogallala, the matron of honor; Miss Sally Treanor, the maid of honor, and Mrs. Daniel Larsen of Omaha, the bridesmatron. Fashioned with bateau necklines and brief sleeves the bodices were snugly fitted above the wide, daytime length skirts. Julie Jean Carr was the flower girl, and John Scott Harmon of Ogallala carried the rings.

Marvin Carr served as best man, and the ushers included Vernon Friesen, David Hunter, Rollie Hinze, Roger Schutte of Omaha, and Ronnie Sutton of Waverly.

The bride appeared in a gown of white silk organza over taffeta. Self cording, in a leaf motif, patterned the smoothly fitted bodice, designed with a bateau neckline and brief, puffed sleeves, and was repeated on the voluminous skirt which was completed with a cathedral train. A Mary Stuart cap, edged with pearls, held to the head her veil of imported illusion.

Following the reception Mr. Strandberg and his bride left for a honeymoon trip to the Ozarks and upon their return they will reside at 4541 No. 70th St.

The bride is a former student at Nebraska Wesleyan, and attended the National Business Institute. Mr. Strandberg attended the University of Nebraska.

State B, PW To Meet

MISS KATHERINE PEDEN

The 41st annual convention of the Nebraska Federation of Business and Professional Women's Clubs will open Friday evening, April 17, at the Hotel Yancey in Grand Island with Miss Sarah Jane Cunningham of Lincoln, state president, presiding.

The featured guest at the convention will be Miss Katherine Peden of Hopkinsville, Ky., second vice president of the National Federation of B, PW Clubs, and vice president and station director of radio station WHOP in Hopkinsville.

Secretary-treasurer of the Kentucky Broadcasters Association, Miss Peden is the only woman ever elected to the board of directors of the Hopkinsville-Christian County Chamber of Commerce. She is past president of the Kentucky B, PW Clubs and in 1952 was named "Woman of the Year."

Miss Peden will present an address at the Saturday night banquet of the convention, and the luncheon speaker Saturday afternoon will be Mrs. Fern Orme of Lincoln, member of the State Legislature, whose topic will be, "Women, Too."

A report on state and national legislation will be given during the Saturday session by Miss Gwendoline E. Birky of Lincoln, and serving as chairman of the nom-

MISS SARAH JANE CUNNINGHAM

inating committee is Miss Nelle Gingles, Lincoln, former state president.

The three-day convention will close on Sunday following an Emblem breakfast and the presentation of annual awards by Miss Cunningham. New officers will be formally installed by Miss Peden.

Mrs. Fran Johnson, president of the Grand Island Club, is convention chairman, and state officers include Mrs. Alma Truax, Scottsbluff, first vice president; Mrs. Helen Kokes, Ord, second vice president; Miss Marie Blazek, Omaha, third vice president; Mrs. Evelyn Rankin, North Platte, recording secretary; Miss Marjorie Eisenhart, McCook, corresponding secretary; and Miss Dellores Nolte, Kearney, treasurer.

Helen Langdon.

Visiting Mr. and Mrs. Bert Wommack last week were Mrs. Wommack's parents, Mr. and Mrs. Charles Hickman, and her sister, Mrs. F. M. Williams and her children, Frank and Lee, all of St. Louis.

Understand that Capt. and Mrs. William Page and their five children moved from

Honored

In courtesy to Mrs. J. B. Townsend of Denver, Colo., and her sister, Mrs. Edna Hurlens of Oakland, Calif., who are visiting in Lincoln this week end, a group of friends entertained Friday at a no-hostess luncheon at the Hotel Cornhusker.

Mrs. Townsend, a former resident of Lincoln, and her sister are making their headquarters at the Hotel Cornhusker en route home from St. Louis.

Park Manor the latter part of March to make their new home at Castle Air Force Base in California.

PATRICIAN HEIGHTS

Motoring to Omaha during the Easter week end were Mr. and Mrs. William Reiley and their family who were the guests of Mrs. Reiley's mother, Mrs. Hans Provoc.

And spending the day in Patrician Heights last Saturday were Miss Karen Knobel of Fairbury and Gene Bushom of Wilber who were visiting Miss Knobel's brother-in-law and sister, Mr. and Mrs. Rolland Roesler.

A welcome this morning to Mr. and Mrs. Carl Peckman who moved into the suburb last week. The address of the Peckman home is 5330 Wilshire. The couple have been Lincoln residents since

Plans May Wedding

Lyman Roos of Dunbar makes announcement this morning of the engagement and approaching marriage of his daughter, Joann, of Lincoln, to A. C. Garland Ryans, son of Mrs. Berlie Ryans of Kingsport, Tenn. A May wedding is planned.

Airman Ryans is stationed at the Lincoln Air Force Base.

Cochran Welcomes Assistance Right-Of-Way Information

State Engineer Roy Cochran said Friday he welcomed all efforts by the Legislature and individual state senators to provide highway right-of-way information to the people.

Such action works "hand in hand" with State Department of Roads' efforts to inform those involved of their rights, Cochran said.

Pending before the Legislature is a resolution directing the Department to be more liberal in compensating landowners for property condemned to make way for the Interstate Highway.

Failure Charged

The resolution, introduced by Sen. John Munnely of Omaha, in effect charges the Department with failure to take into consideration indirect damages resulting from results as loss of access and loss of rights of ingress and egress into property.

Federal rules on right-of-way acquisition in order to obtain federal matching funds (90% for Interstate projects) clearly limit the state's procedure, however.

Federal policy holds that "payments made for personal property or the cost of moving personal property, tenant relocation, loss of business, diversion of traffic and other items of damage or value, not generally compensable in eminent domain, are not considered eligible for federal participation."

Fears Tie-Up

Some officials have expressed fear that court action in land condemnation cases in Omaha may tie up the entire program for a lengthy period of time.

Three methods of right-of-way acquisition are open to the state:

—outright purchase of land based on actual appraisal and a fair market price.

—eminent domain procedure in cases where the state and property owner do not agree on a purchase price. The County Court appoints 3 appraisers who present an estimate of damages. Either the state or property owner may appeal to District Court, an action both expensive and time-consuming.

—donation of property.

3,600 Turn Out For Home Show

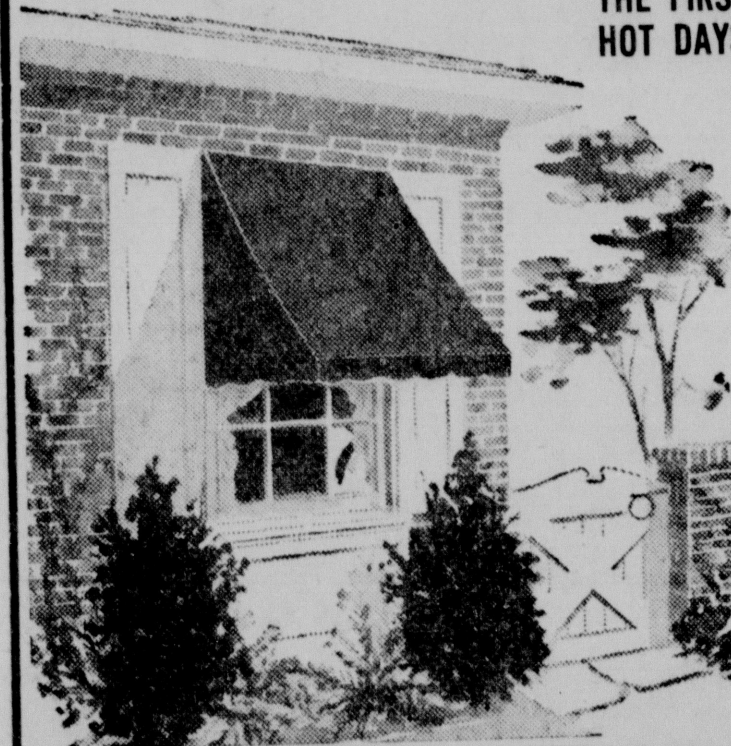

A large Friday turnout at the Lincoln Home and Outdoor Living Show at Pershing Municipal Auditorium boosted total attendance at the event to 9,800.

Friday's crowd totaled approximately 3,600 persons, compared with 2,100 attendance on Thursday.

Yank Story: Still Too Many Horses

St. Petersburg, Fla. (AP)—Is this the year the Yankees lost the pennant? Don't bet on it.

Detroit may be stronger. Cleveland has added some pros. Boston has picked up punch and Chicago still has that tight pitching. But cagey old Casey Stengel still has too many horses.

How does Stengel size up New York's opposition? Well, it's like this:

Chicago—"Fast and if they get the pitching can bother you. Good club and good manager. They can catch the fly ball in the outfield and run the bases enough to scare you. Can it make the runs? Can the second and 3rd string catcher do the job so he can move (Sherm) Lollar to first place. (Al) Smith can't be as bad as last year. That kid (Johnny Callison) has a good stick."

Detroit—"Maybe it's because they beat me so much in the season I get too enthusiastic about them in the spring. They got (Larry) Doby now and that (Ray) Narleski and (Don) Moss. How good is the shortstop and the 3rd baseman? They need the long ball and I don't know if they've got it."

Cleveland—"They ought to be better and faster with my man (Billy Martin) and (Jimmy) Piersall if they've plugged up a little at shortstop and 3rd. They've got a good outfield."

Boston—"Now they've got 5 good hitters. (Ted) Williams, (Vic) Wertz, (Pete) Runnels, (Jackie) Jensen and (Frank) Malzone. But have they got the pitching? If you don't, what good does it do?"

Baltimore—"Good pitching but the future isn't there. Too many men from other clubs."

Kansas City—"They seem to think they are better, changing around men, like playing (Hal) Smith on 3rd base."

Time ran out before Casey got around to Washington. Maybe it was just as well.

"You can put down the World Series lineup, except (Tony) Kubek at short," he said when the spring season opened. Except for the return of Kubek, who may not be ready for the opener, it still goes.

Bill Skowron (.273) hit over .500 for a long spell during the exhibitions, one of the hottest men in Florida. He is the first baseman, period, if his back is all right. Marv Throneberry (.227) has been showcased in right field.

Short Open

Shortstop is the only open position. Bobby Richardson (.247) got a shot at it but was slow to learn the tricks of shifting from his normal position at second base. Jerry Lumpe (.254) a 3-way man, had a turn. Kubek (.265) got a late start, coming out of the army a week ago. There always is Gil McDougald (.250) the wandering infielder currently stationed at second Stengel will platoon Andy Carey (.286) and Lumpe at 3rd.

Norm Siebern (.300) goes back to left field after a whirl at first base. Mickey Mantle (.304), of course, is the center fielder although he has been having trouble throwing because of a sore shoulder.

Palmer Leading Masters

(Continued From Page 13)

to show it. Finsterwald started with a 68 during the calm early part of the day. Even though the gusty, uncertain wind increased later, the par breaking continued.

Veteran Ed (Porky) Oliver, former Open champ Julius Boros, and slender, long-hitting Paul Harney fired 3 under par 69s for 144 totals. They were joined there by Dave Thomas, the big Welshman, Angel Miguel, the tiny Spaniard, and U.S. pros Mike Souchak and Billy Maxwell. Thomas, Souchak and Maxwell all shot 71s, one under for the 36-36-72 layout.

Scores of the 42 golfers who qualified for the final 36 holes:

Arnold Palmer	71-70-141
Stan Leonard	69-74-143
Paul Harney	69-74-143
Mike Souchak	71-71-143

ISLANDERS HIT IN TRACK DUAL

Lincoln Star Special
Kearney — Kearney High junior Bill Nickel brought his teammates home to victory in the mile relay event here Friday afternoon as the hosts upset Grand Island, 108-101½, in a dual track meet.

Kearney's victory, clinched by the relay, was the Bearcats' first dual win over the Islanders in recent years. Nickel, with victories in both hurdles races, and the Islanders' triple-winner Roger Myers were the meet's standouts.

Dick Lammers of the winners nearly stole the show with a 12-foot performance in the pole vault.

The event winners:
60 Yards—Nickel (K), 108.3, 100 — Myers (GI), 116.6, Mile—Dennis Russell (K), 5:07.9, 400—Loren Westover (GI), 54.6, 100 Yards—Nickel (K), 11.8, 800 — Neil Bateman (K), 2:12.1, 200—Myers (GI), 24.2, Two-mile relay—Kearney (Jim Fox, Doug Campbell, Gary Elliott and Ed Sheen), 9:21.3, Mile relay—Kearney (George Gromer, Joe Greeno, Randy Harris and Nickel), 3:46.6, 880 — Grant Island (Alan Satterly, Relay — Satterly, Bob Wagner and Larry Myers), 1:40.1, Broad jump—Myers (GI), 20.3½, Shot—Bob Martin (GI), 47.8, Discus — LeRoy Erpelding (K), 140.7, High jump — Jim Price (GI) and Larry Slack (K), 5-4, Pole vault—Dick Lammers (K), 12-0.

Sanford Goes Route
Phoenix, Ariz. (AP)—Jack Sanford became the first San Francisco Giant pitcher to go a full 9 innings this spring as he survived a rough start to beat Cleveland 6-4.

Tigers Wreck Reds
Tampa (AP)—The Detroit Tigers completed a two-game wrecking job on Cincinnati pitching Friday, swinging for 17 hits in a 10-5 decision over the Reds.

Rocky Bridges blasted a home run and a double for the Tigers, who rapped rookie right-hander Jay Hook for 6 runs in the first inning. Detroit ran up 35 runs on 36 hits in their last two meetings with the Reds while winning the 3-game spring series 2-1.

Pappas Pounded
Miami, Fla. (AP)—The Philadelphia Phillies pounded right-handers Milt Pappas and Wes Stock for 12 hits, including home runs by Harry Anderson and Carl Sawatski, for a 7-2 victory over Baltimore Friday night. Jim Owens and Jack Meyer held the Orioles to 4 hits.

Wesleyan Golfers Win Opener, 9-3
Nebraska Wesleyan ace Lew Sheary capped medalist honors with 79 at Pioneers Golf Course Friday as the host Plainsmen breezed by Midland College, 9-3, in match golf play.

The match was the season opener for both Nebraska College Conference members. **Summaries:** BJ—Don Jorgensen, D, 25-10; HJ—Del Blank, M and Bill Bracker, D, 5-9½; javelin—Emery Anderson, D, 172-4½; pole vault—Dave Garrett, O, 11-6; discus—Jack Prohaska, M, 130-11.

Omaha Club Wins

Daytona Beach, Fla. (AP)—Ray Sadecki and Mel Nelson, both lefthanders, set Rochester down with two hits as Omaha won an exhibition game from Rochester of the International League 12 to 2 Friday.

Shoddy NWU Fielding Boosts Wayne, 13-11

Wayne State's visiting Wildcats took sufficient advantage of untidy Nebraska Wesleyan fielding here Friday afternoon to make their baseball baptism a successful one while pounding out a 13-11 decision in a Nebraska College Baseball Conference game.

Both teams used 3 moundsmen with little success in a game that dragged on for nearly 3 hours.

Wayne, never really under wraps, exploded for a bevy of 4 runs in the 7th inning which iced the contest. Wesleyan peeked away with a solo run in the 8th and left two stranded in the final frame before yielding.

Lonny Slaughter, erratic Wesleyan pitcher and the second of 3 employed in the fray by Plainsmen Coach Irv Peterson, absorbed the loss when he walked one and hit two during the fatal frame. The visitors then polished him off with a double that scored two runs.

Elk Creek Ace Jumps 5-10¼
Table Rock—Elk Creek's Bob Koehler jumped 5-10¼ to lead his team to a triangular track meet victory here. Elk Creek scored 61 points to 53 for Brock and 32 for Table Rock.

Westside Golfers Measure Knights
Omaha Westside's Bob Saffer fired rounds of 39 and 40 for a 79-stroke aggregate and medalist honors at Pioneers Golf Course Friday as the Warriors edged out Lincoln Southeast, 341-345.

Saffer's brother Ron tied with Southeast's Steve Miller for runnerup honors, both firing 80s over the 18-hole links. **Team scoring:** O Westside (341) R Saffer, 79; R Saffer, 42-38-30; Steve Spalding, 43-47-80; Randy Roth, 49-43-92. L Southeast (345) Miller, 42-38-30; Dennis Casper, 43-38-81; Mike Clair, 47-44-91; Dave Carey, 49-44-93.

Trophy Shoot April 12
Officers of the Lincoln Gun Club announced Friday that a registered trophy shoot will be held April 12. Included will be 100 16-yard targets, 50 handicap targets and 25 pairs of doubles.

A 6-run Wesleyan 5th frame went for naught when Wayne's 3rd pitcher, stylish Gerald Wisniewski, came on in the late innings and fanned 9 while shutting down the Plainsmen's run supply.

Ron Bachman of Wesleyan enjoyed a 3-for-4 day at the plate, including a pair of 3-baggers. Shortstop Eldon Verghis collected two-for-five for the Peterson crew, while Ditman had 3 base knocks and Wisniewski and Mettis each a pair for Wayne.

920 No. 48th on the "miracle mile"

Voice Vote Advances Airport Authority Bill

An airport authority bill which monopolized the Nebraska Legislature's attention for 90 minutes last Wednesday finally won approval on general file Friday.

New Trial Asked For Kearney Man

Kearney, Neb. (UPI) — Attorneys for Robert Haines, former police judge and justice of the peace here, Friday filed a motion for a new trial for Haines, convicted last week of embezzlement.

Attorney Lloyd W. Kelly Sr. filed the motion in District Court here, listing objections to 20 instructions given to the jury.

Judge Emerson Kokjer was expected to rule on the motion Wednesday.

advanced from general file stage where the measures received first floor consideration, and one bill was killed during the week-ending session.

The airport bill, LB512, started out as a measure to authorize cities other than Omaha to use revenue from the already-allowed one mill airport tax levy for revenue bond retirement purposes.

An amendment adopted Wednesday also had the effect of validating the Omaha City Council's creation of the Omaha Airport Authority.

Raised Question

Sen. Terry Carpenter of Scottsbluff had raised a question of whether the bill did not authorize a doubling of the one mill levy. But the introducer, Sen. Dwain Williams of Broken Bow, read Friday an attorney general's opinion holding that the bill does not authorize any increase in the one mill tax.

The bill was advanced on a voice vote after the Legislature turned down 18-11, an amendment proposed by Sen. Marvin Lautenschlager of Grand Island which appeared unnecessary in light of the attorney general's opinion.

The bill killed, LB569, was introduced by Sen. Frank Nelson of O'Neill as a device to help barber-less communities in his area to get barbers.

Shorter Apprenticeship

In amended form, the bill would have lowered from 18 to 12 months the apprenticeship time for barbers, and additionally would have allowed this period to be spent under the "sponsorship" rather than the direct supervision of a licensed barber.

A Springview, Neb., delegation had appeared before the Legislature's Public Health Committee at a public hearing earlier to support the measure.

"I think my people are entitled to some consideration," Sen. Nelson told colleagues in pleading for a vote against a motion by Sen. Harold Stryker of Rising City to kill the bill.

He drew support from Sen. Jack Romans of Ord, who said the shortage of barbers is "getting to be a serious situation." He blamed "restrictions by barber unions."

The motion to kill carried 23-14.

WEATHER AHEAD

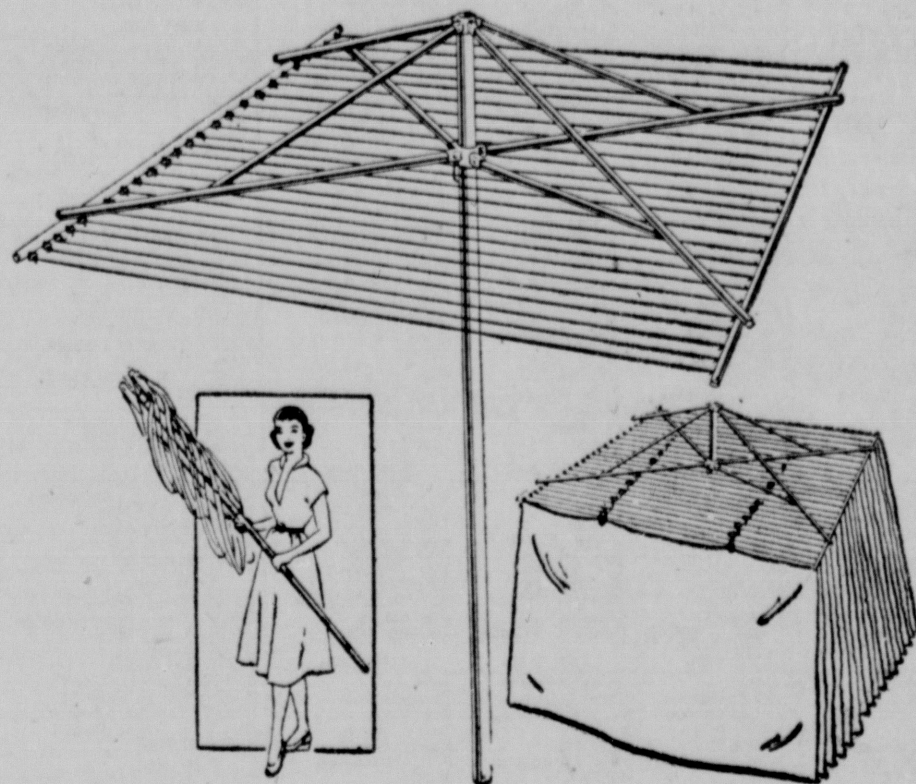

Nebraska temperatures for the next 5 days will average 5 to 10 degrees above the seasonal normal, warmer Saturday, cooler Sunday or Monday, warmer again about Tuesday. Normal afternoon highs range from the middle to upper 50s; normal morning lows from 27 to low to middle 30s. Precipitation is expected to average about .10 to .25 inch in the west to .25 to .50 inch in the east, occurring as scattered showers about Sunday and Tuesday.

The ideal way to dry clothes outdoors in sunlight and air

Special Sale!

Aluminum Ranch Dryer

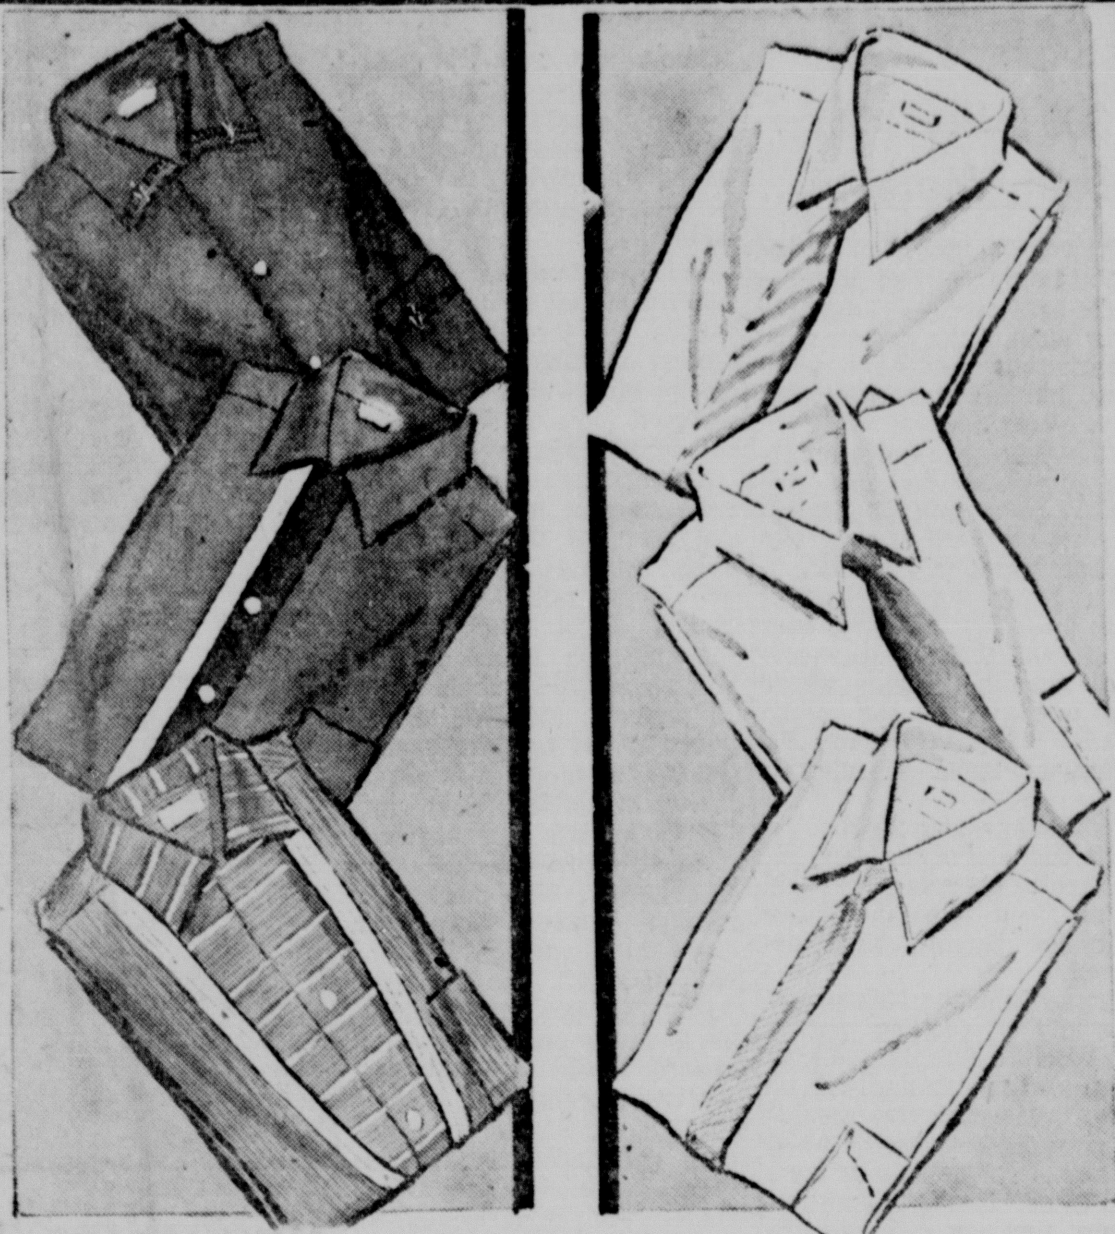

... A wonderful new type of clothes line to dry your clothes outdoors ...

Was 19.95 **16.88**

All 24 lines are 6-ft. off the ground ... made of white plastic and each is 84-inches long. Tubular aluminum frame, zinc finish steel center pole. Folds for storage. Weighs only 15 lbs. which permits ease in handling.

Associates Discount Contracts Illegal—High Court

The State Supreme Court has held that Associates Discount Corp., formerly operating in Omaha, violated state law in more than 400 automobile financing deals.

The court held the 486 illegal contracts to be void and uncollectible.

It said Associates must return to the borrowers payments received on the voided loans, and cancel any unpaid balance.

The voluminous decision, running to 42 typewritten pages, reversed the Douglas County District Court.

The action was brought by the state of Nebraska through Atty. Gen. C. S. Beck and the State Banking Department in the Douglas County District Court July 7, 1955.

The state contended, in effect, that Associates Discount was unlawfully engaged in the installment loan business without having procured a license to do so.

At the time the action was brought, the Omaha office of Associates was holding some 1,175 contracts or rewrites thereof involving the sale of automobiles. These contracts the firm had acquired through or from some 58 different car dealers.

The Supreme Court did not rule on every one of these 1,175 contracts.

A few were held to be in order and on those contracts which it did not judge, the Supreme Court said the parties "are free to take whatever action they may desire to determine what their rights thereunder are."

Specifically the high court held to be void 274 contracts and 79 contract rewrites which Associates Discount received in handling the financing of car sales by the Lied Motor Car Co. of Omaha.

It also adjudged to be void another 41 contracts which it held to be installment loans, plus 3 contracts covering car purchases outside Nebraska and another batch of rewrites or renewed contracts.

Total face value of the voided contracts was not set out in the opinion.

Of the 274 Lied contracts, stock rejected defense pleas for a new trial and for reduction of the penalty to life imprisonment. He did not set an execution date because an appeal will be made to the State Supreme Court.

Defense Attorney S. Ward Sullivan contended Mrs. Duncan was entitled to a new trial because she was tried in "an atmosphere of bias and prejudice." He said the trial should have been held in another county.

Judge Blackstock, noting that the case was "exceptionally notorious," told Sullivan: "You'd be jumping from the frying pan into the fire no matter where you went."

Court Cuts Lien Award

The Nebraska Supreme Court has modified a Buffalo District Court decision awarding a mechanics lien brought by Ernie T. Jensen, a Kearney contractor, against Margaret A. Manthe and Margaret Ann Sal.

In a ruling written by Judge Edward F. Carter the court held that Jensen should be paid only \$37.73 of an \$821.39 lien. The high court disallowed the rest of the lien because of overcharges on labor and supplies by Jensen in building a house for the two women.

In a case involving who should receive a \$1,421 share of the estate of Harriet T. Scheer of Clay County the high court ruled it could do nothing but affirm the lower court decision in the face of no bill of exceptions to the decision.

In the case of Dorothy Sheer, a relative by marriage to the deceased, claimed she should receive a portion of the estate designated for a Dorothy Sheer instead of Dorothy Sheer Hall, a blood relative of the deceased. The opinion was written by Judge John W. Yeager.

In other action, the high court:

In an opinion written by Judge E. B. Campbell affirmed in part and reversed and remanded in part a Lincoln County District Court decision relating to the validity of a Wyoming Court divorce decree directing that a North Platte house be turned over to Ruth Weesner. Her former husband, Kenneth Weesner, appealed the Wyoming decision to the Nebraska Supreme Court. The court affirmed the part of the lower court decision allowing him no relief and ordered the lower court to either affirm or deny the Wyoming decision awarding the property to Ruth Weesner.

Perilous Lama Flight Trek Told
300 Miles On Foot, Mules

New Delhi, India (AP) — The Dalai Lama reached safety in India by a perilous 15-day trek over some of the world's most treacherous mountain territory, his followers said Friday.

Chinese planes were searching overhead to spot the Dalai's party, and it apparently traveled mostly by night to escape detection.

The group traveled by foot and by mule caravan over rivers and through snow-covered mountain passes where one wrong step can mean death. They traveled 300 miles, or about 20 miles a day.

Remarkable Feat
"It was one of the most remarkable escapes in world history," a Tibetan leader near the frontier area declared.

Prime Minister Nehru told a wildly applauding parliament the 23-year-old god-king is in good health and will be given "respectful treatment."

Nehru did not use the word asylum. Informed sources said he considered this an improper term in reference to the only ruler in the world whom his people regard as a god.

Tibetan exiles declared the Dalai Lama still is the ruler of Tibet, making clear he will remain a rallying point of the revolt against Red Chinese rule in Tibet.

the court found that at least 244 charged interest in excess of the maximum fixed by law; 122 provided for balloon payments, not permitted, and 126 provided for level payments in excess of 21 monthly installments. These practices violate installment loan laws.

In many cases also, the court said, the buyer was forced to take out insurance through Associates when such insurance had not been ordered or even been discussed, when the buyer did not want such insurance or when the buyer already had insurance elsewhere.

The court said it thinks the evidence establishes "that there was an agreement between Associates and Lied whereby Associates agreed to and did finance for Lied's car buyers the balance owing by them of the cash sale purchase price whenever the buyer needed time in which to pay such balance and, because therefore, Lied never quoted to such buyers a time sale price as such."

The manner of handling "permitted Associates to charge such purchasers (borrowers) finance charges in amounts in excess of those permitted by the installment

loan laws and to otherwise violate the prohibitory provisions thereof without the purchaser's knowledge," the court added.

As Time Sale "Lied, either wittingly or unwittingly, participated in this plan as the agent of Associates by handling each sale as if it were ostensibly a time sale and by getting the buyer to sign the necessary papers in blank, thus giving Associates the opportunity to intentionally do what it did."

Although there are suggestions that Associates dealt similarly with other car dealers, "we do not think the evidence, as a whole, is sufficient to hold that the same or a similar plan or scheme of operations was put into effect by such other dealers acting as agents for Associates," the court held.

The Supreme Court earlier had appointed Omaha attorney Theodore R. Richling as receiver for the firm, pending the outcome of the case.

Associates discontinued operations in Nebraska shortly after the state brought its action in 1955 against the firm and its Omaha resident manager, Jack F. Kennitz.

In Friday's opinion, the court held that Richling is entitled \$40,000 for his fee and that \$20,000 be allowed for paying Richling's legal counsel. These costs were assessed against Associates Discount, along with \$24,165 allowed as costs of administration.

Associates is an Indiana corporation, a wholly owned subsidiary of Associates Investment Co., headquartered in South Bend, Ind. Associates Discount opened its branch in Omaha in 1947.

Justice Adolph E. Wenke wrote the opinion.

At Liebers' request, the Legislature placed at the head of general file for early consideration starting a list of 15 money bills which have been reported out by committee and await action on the floor.

Among these pending bills are proposals to levy a special 25 mill tax for state parks, estimated to cost \$750,000; a .60 mill levy for a normal school building fund, \$1,800,000; an extension of welfare aid to disabled mental patients, \$502,300; an increase in old age assistance, \$465,000; an increase in aid to dependent children, involving \$172,800 in state general funds and \$548,000 in federal funds.

Altogether, bills passed or pending involve \$12,096,644 above the governor's submitted budget, the analysis showed. Of this total \$4,066,000 involves pending special property tax levies; \$5,206,944 involves general funds; \$863,000 involves cash funds and \$1,860,700 involves federal funds.

Nebraska Deaths
Fremont—Fred Meierhenry, 77, died at his home here Thursday. Surviving are his wife, Hattie; 3 daughters, Ruth of Lincoln, Mrs. Russell Bornemann of St. Louis, Mo., and Mrs. Dwight S. Hoffman of Moscow, Ida.; one son, Kevin S. of Beatrice, and 6 grandchildren. Funeral services will be at 3 p.m. Sunday at the First Methodist Church in Fremont.

Perilous Lama Flight Trek Told
300 Miles On Foot, Mules

New Delhi, India (AP) — The Dalai Lama reached safety in India by a perilous 15-day trek over some of the world's most treacherous mountain territory, his followers said Friday.

Chinese planes were searching overhead to spot the Dalai's party, and it apparently traveled mostly by night to escape detection.

The group traveled by foot and by mule caravan over rivers and through snow-covered mountain passes where one wrong step can mean death. They traveled 300 miles, or about 20 miles a day.

Remarkable Feat
"It was one of the most remarkable escapes in world history," a Tibetan leader near the frontier area declared.

Prime Minister Nehru told a wildly applauding parliament the 23-year-old god-king is in good health and will be given "respectful treatment."

Nehru did not use the word asylum. Informed sources said he considered this an improper term in reference to the only ruler in the world whom his people regard as a god.

Tibetan exiles declared the Dalai Lama still is the ruler of Tibet, making clear he will remain a rallying point of the revolt against Red Chinese rule in Tibet.

DEATH DECREED FOR MRS. DUNCAN

Ventura, Calif. (AP) — Doting mother Elizabeth Duncan was sentenced Friday to die for the weird hired murder of her son's wife.

Her lined face showed not a flicker of emotion as she heard the words condemning her to the San Quentin Prison gas chamber.

Standing beside her Olga Duncan was her attorney son Frank. Witnesses at her trial said her jealous love for him drove her to arrange the murder of the woman who had taken him away.

Olga Kupczyk Duncan, 30-year-old Canadian nurse who married Frank last June 26, was kidnapped from her Santa Barbara apartment Nov. 17 and strangled. Her body was buried in a shallow roadside grave.

Two minor criminals, Augustino Baldonado, 26, and Luis Moya, 20, testified that they did it after Mrs. Duncan promised them \$6,000 to kill her pregnant daughter-in-law.

Before sentencing the 54-year-old Mrs. Duncan, Superior Judge Charles F. Black-

\$4,887,000 REA Loan Approved For Power Line

Washington (AP) — The Nebraska Electric Generation and Transmission Service will get \$4,887,000 from the Rural Electrification Administration to finance the highest voltage transmission line ever approved by the agency.

Final clearance for the loan was made when the West Point headquarters Nebraska agency met all conditions set forth by the Federal agency.

The line will be a 126 mile 230 kilovolt circuit from near the Fort Randall power plant in South Dakota to Columbus, Neb. Also included is a sub-station at Columbus.

Highest voltage lines now being used by REA borrowers are 161 kilovolts.

R. G. To Back Convention Bill At Hearing, Sen. Orme Says

Gov. Ralph Brooks will testify on behalf of Sen. Fern Hubbard Orme's bill calling for a constitutional convention, she revealed Friday.

The bill, LB606, received public hearing before the Judiciary Committee Monday.

Sen. Orme said she has received "a great deal of voluntary support" for the measure from other legislators.

Former Sen. Earl Lee of Fremont, who affixed his name to similar bills in 1947, 1949 and 1955, will also appear in behalf of the bill.

Sen. Orme termed the measure "the most important piece of legislation this session for setting a pattern for the state."

Makes No. 12

Bills calling for constitutional conventions have been introduced in every Legislature since 1947. Last term's version was killed on the floor by a 19-13 vote.

The 1959 bill calls for a popular vote in 1960 on the question of calling a convention.

The constitution was written in 1875. One constitutional convention was called in 1920 to revise the document.

Legislation provides that a constitutional convention would consist of two delegates

from each legislative district, or a total of 86.

Compensation of such delegates has been set at \$1,200 plus mileage expense at the rate of 6 cents per mile for traveling out to and from the convention.

Minimum cost, then, would total \$103,200 plus mileage.

Delegates would be selected at a special election.

Lincolnite Fined \$110 On Traffic Charges; Appeals

Bruce E. Wilson of 1612 F was convicted Friday in Municipal Court of drunken driving and leaving the scene of a personal injury accident. He was fined a total of \$110.

Police said Wilson, 53, was driver of a car which was in collision with one driven by John Beetern, 73, of 4322 J, March 12. Beetern suffered a neck injury in the crash.

Wilson was fined \$100 and his driver's license suspended 6 months on the drunken driving charge and was fined \$10 on the leaving-the-scene charge, but he appealed both convictions. Judge John Jacobson set his bond at \$500.

Perilous Lama Flight Trek Told
300 Miles On Foot, Mules

New Delhi, India (AP) — The Dalai Lama reached safety in India by a perilous 15-day trek over some of the world's most treacherous mountain territory, his followers said Friday.

Chinese planes were searching overhead to spot the Dalai's party, and it apparently traveled mostly by night to escape detection.

The group traveled by foot and by mule caravan over rivers and through snow-covered mountain passes where one wrong step can mean death. They traveled 300 miles, or about 20 miles a day.

Remarkable Feat
"It was one of the most remarkable escapes in world history," a Tibetan leader near the frontier area declared.

Prime Minister Nehru told a wildly applauding parliament the 23-year-old god-king is in good health and will be given "respectful treatment."

Nehru did not use the word asylum. Informed sources said he considered this an improper term in reference to the only ruler in the world whom his people regard as a god.

Tibetan exiles declared the Dalai Lama still is the ruler of Tibet, making clear he will remain a rallying point of the revolt against Red Chinese rule in Tibet.

At Liebers' request, the Legislature placed at the head of general file for early consideration starting a list of 1

High Quality Issues Pace Stock Market

New York (AP)—High quality issues Friday paced a continued stock market rally which clinched a net gain for the week.

Blue chip industrials and utilities were confirmed in their rise by rails which rose for the second straight day after months of lassitude.

Gains of pivotal stocks ran from fractions to more than 1 percent. Speculative issues posted gains of 6 points or more.

Based on the rise in the Associated Press average, the quoted value of stocks listed on the New York Stock Exchange rose an estimated two billion dollars.

Volume was the largest this week, totaling 3,600,000 shares compared with 3,200,000 Thursday.

The erosion of the past two weeks had worn down prices until they were once more attractive to the big institutional investors, brokers said. Meanwhile, the business and economic news remained heartening.

Leading issues among the motors, utilities, steel, chemicals and rubbers advanced solidly. Airlines, drugs, electronics and electrical equipments also went ahead.

The AP average of 60 stocks rose \$1.30 to \$223.60 with the industrials up \$2.50, the rails up \$1.00 and the utilities up 50 cents.

Of 1,219 issues traded, 673 rose and 546 fell. There were 72 new highs for the year and 12 new lows.

American Stock Exchange prices were generally higher as volume dipped to 1,700,000 shares from 1,400,000 Thursday.

Corporate bond prices were generally higher as U. S. governments were a bit higher in light of the decline.

On the New York Stock Exchange, the Big Board rose \$4.00 to 4,610.40 Thursday.

OMAHA HOG PRICES DROP

Omaha (AP)—Hog prices declined 25 to 50c on the Omaha market Friday.

Cattle receipts were too small for a test of prices. The sheep market was nominal.

Hogs: salable Friday 6,000; barrows and gilts 25-30 lower; sows steady to mostly lower; U. S. No. 1, 2 and 3, 15-20 lower; U. S. No. 4, 15-20 lower; U. S. No. 5, 15-20 lower; U. S. Initial OK To Bill Speeding Action Of Rail Commission

The Legislature Friday gave initial approval to a bill which is designed to speed up Railway Commission decisions.

LB509, introduced by Sens. Ray Simmons of Fremont, Hal Eridenbaugh of Dakota City, Marvin Lautenschlager of Grand Island and John Donner of Elgin, resulted from the Legislative Council committee study of secondary boycotts.

Simmons explained that during the study committee hearings complaints were received from several witnesses of unnecessary delays in commission decisions.

The bill sets a time limit of 6 months between the filing of pleading and holding the hear-

ing, and 30 days from hearing to decision.

A companion measure, LB510, introduced by the same senators and dealing with the commission's revocation of permits of carriers refusing to interline freight shipments, was held for further consideration.

Other bills receiving initial approval and advanced from general file included:

LB366, introduced by William Moulton of Omaha and Stanley L. Portschke of Lincoln, would increase the state unemployment compensation a flat \$2 a week and increase the amount of time it can be drawn.

Opposition was voiced by Sen. Hans Jensen of Aurora,

He said a farmer out in the country can't find a man to hire but in town "there are unemployed people at every turn" drawing compensation.

"You can't hire a man in the country under any circumstances," he said. "This bill only aggravates the problem."

It was advanced by a 21-13 vote.

LB511, introduced by Sens. H. K. Diers of Gresham and Arthur W. Swanson of Holdrege, would allow employers to refuse to hire persons who have been licensed to drive a motor vehicle in Nebraska.

LB489, introduced by Sen. George S. of Omaha, extends the time allowed for school districts to make annual financial reports to county superintendents.

LB489, introduced by Sens. John Aufank of Julian and Moulton, provides that a passenger bus need not stop at a weighing station.

LB490, introduced by Sens. John P. Munnely of Omaha and Peter H. Clausen of Lehigh, would permit credit unions to provide group life insurance for their members.

LB491, introduced by Sen. Kenneth L.

Nebraska Deaths

James S. McGrover

Sargent-Funeral services were held for James S. McGrover, 54, who died at his home in Lincoln, Neb., April 3, 1959.

Mr. McGrover was born in Lincoln, Neb., and was a member of the Methodist Church. He was a graduate of the University of Nebraska and had been employed by the Nebraska State Highway Department.

He is survived by his wife, Mrs. McGrover, and two children, James S. McGrover, Jr., and Mary McGrover.

Funeral services will be held at 10 a.m. Saturday at the Sargent Funeral Home in Lincoln.

U.S. Able To Give Trucks Get Hearing On '60 Valuations

The State Board of Equalization met Friday to hear protests on 1960 assessment valuations on trucks.

State Tax Commissioner Fred Herrington said he had received 10 or 12 protests against the formula on 1960 trucks. He said the formula stated that 1960 trucks would be assessed at 42% of the factory advertised price.

Next year 1959 trucks will be assessed at 31% of the factory list price.

Herrington said the law set a legal minimum of 35% on new trucks. He said the reason for the increased figure was that trucks may include extra equipment not included in the minimum base price. He cited larger engines, heavy duty transmissions and rear ends as examples.

To Anyone-Curtis

Scottsbluff, Neb. (P)—Sen. Carl T. Curtis declared Friday he has been assured that this nation has enough military power "to deliver a powerful retaliatory blow to any aggressor."

He said U.S. plans and programs provide "a wide mix of weapons strategically positioned and designed to react from divergent sectors."

Curtis said his office has been advised by the Defense Department that it does not believe "any nation possesses the ability to destroy us, or attack us, without receiving unacceptable damage in return, today or in the foreseeable future."

Telephone Firm Rate Hike OK'd

The State Railway Commission has authorized the Clarks Telephone Co. of Clarks to increase rates out of its Ulysses exchange.

Commission sources said the rate hike was needed by the firm in preparation to changing to dial service and rehabilitating the lines.

The Clarks company operates exchanges in Clarks and Ulysses. The increase will hike month residence phone rates from \$2.50 a month to \$5.50. A p p r o x i m a t e l y

Representatives of the motor carriers were on hand at the hearing to protest the valuations.

Members of the Board of Equalization include Gov. Ralph Brooks, State Auditor Ray Johnson, Herrington, State Treasurer Richard Larson and Secretary of State Frank Marsh.

Herrington said it was the first hearing on motor vehicle valuation in two years.

The commission also approved construction of electric transmission lines by the following firms in the designated counties: Consumers Public Power District of Lincoln in Lancaster County; Omaha Public Power District of Omaha in Douglas County; Loup River Public Power District of Columbus in Douglas County; the Rural Electric Co. of Pine Bluffs, Wyo., in Banner County.

Journal and Star Want Ads

Your low-cost Want Ad appears daily in the Lincoln Star (Morning) and the Lincoln Journal (Evening) on the Sunday Journal and Star at the following cash rates:

Days	1	2	3	4	5	6	7	10
------	---	---	---	---	---	---	---	----

These low-cost rates apply to Want Ads which are placed for consecutive days and are not in effect within 10 days after the ad expires or is canceled.

State Illegal Narcotics Traffic Small, But Present

By Dell Harding

Illegal traffic in narcotics is not a major problem in Nebraska although it does exist, according to a federal narcotics agent who addressed the closing session of the University of Nebraska's Law Enforcement Institute Friday.

The agent, who asked that his name not be used for security reasons, is stationed in Omaha and his district encompasses Nebraska, Iowa and South Dakota.

Most illegal dope peddling, he said is in the large metropolitan areas.

Stiff federal penalties enacted in recent years for dope peddlers has had a "decided effect" in cutting down illegal narcotics traffic, he said. A 5-year prison term is now mandatory for first offense peddlers.

No Parole

And there is no probation or parole, he said.

Maximum penalty on first offense peddling is 20 years, and second offense conviction penalties range from 10 to 40 years.

In a recent case in Ohio, he said, a narcotics peddler received sentences totalling 250 years in prison for a number of counts of narcotics peddling.

The agent, who is one of 250 Treasury Dept. narcotics men stationed throughout the

world, said statistics show these facts about dope addicts:

This Is An Addict

—Three of 4 are men.

—The majority are either Negroes or of Latin American descent.

—All he has ever known smoked cigarettes.

—Most married male addicts have gotten their wigs on the "habit." An addict, he said, not only can't leave it alone himself but has to get someone else "hooked."

Illegal heroin traffic is the narcotics agent's main problem, he said. It is 6 times more addiction-forming than morphine.

Marijuana

Marijuana, he said, is habit-forming but not addiction-forming.

A person can make himself

stop using marijuana as he can make himself stop smoking cigarettes. But an addict can't stop himself from using heroin, he said.

The agent was the final speaker at the 4½-day institute, which was attended by lawmen from throughout Nebraska. The University and the Nebraska Police Officers Assn. sponsored the affair for the 6th straight year.

Newsboys View Florence Art

Florence, Italy (UPI)—Sixty American newsboys spent Friday viewing art treasures in this "cradle of the Renaissance."

The boys showed great interest in the sculpture of Michelangelo in the Medici family chapel and in other priceless works of art in the Uffizi Gallery, the Academy of Fine Arts and the Cathedral.

Featured on their tour was a visit to the home of the great Italian poet, Daniel Alighieri, and a motor trip up to the Belvedere Fort for a panoramic view of his ancient city on the Arno.

The newsboys were scheduled to visit Vatican City Saturday.

Among the group is 14-year-old George Rozmarin, Sunday Lincoln Journal and Star carrier who was a winner of the "Easter in Italy" contest. He is the son of Mr. and Mrs. Marion Rozmarin of 934 Moraine Ave.

Federal Aviation Agency Recommends New City Port

Washington (AP)—The Federal Aviation Agency recommended a \$14,696,000 airport program for Nebraska in the next 4 years.

Included in the recommendations was the construction of a new airport at Lincoln.

The agency outlined its proposals in an annual report required by the airport act of 1946. Initiation of projects rests with local communities, the agency emphasized, pointing out no federal aid would be available until local authorities raised their share of costs.

No cost estimates were given by airports, only state totals.

Nebraska recommendations:

Expansion of Grand Island airport to handle 22,000 passengers a year by 1965. Project would involve enlargement of terminal building and construction of control tower.

Additional development of Lincoln AFB airport "during period 1959-62 not recommended."

Development of Omaha municipal airport to handle 938,000 passengers yearly by 1965 through acquisition of additional land, removal of obstructions, paving of runway and taxiway, construction of new terminal building.

Other recommendations:

Ainsworth, terminal building, taxiway and access road, lighting.

Allamore, lighting.

Beatrice, acquisition of land for runway extension, lighting, expansion of terminal, paving taxiway, access road, parking area, relocate county road, remove obstructions.

Chadron, land, extension runway and apron, pave taxiway, access road and parking area, construct terminal building.

Columbus, construction of terminal building, extension and construction of concrete overlay on runway, construct apron, surface access road and parking area.

Hastings, land, extension runway, pave runway, expand apron, lighting, construct terminal building, lighting.

Imperial, land, extend runway, lighting, build apron, surface access road and parking area, relocate county road, expand terminal building.

McCook, land, expand terminal, extend runway, lighting, extend apron, build taxiway, surface access road and parking area.

Norfolk, expand terminal building.

North Platte, expand terminal building, pave taxiway, extend apron.

Scottsbluff, install runway lights.

Sidney, land, extend runway, widen taxiway, lighting, surface access road and auto parking area, relocate highway.

Valentine, land, strengthen runway, taxiway and apron, pave access road.

These are all classed as airports for scheduled airline service.

For civil aviation other than scheduled carriers, the agency recommends:

Construction of airports at Alma, Arnold, Atkinson, Aurora, Benkelman, Bridgeport, Butler, Central City, Ellsworth, Harrisburg, Hebron, Nebraska City, Ogallala, Papillion, Pender, Potter, Ravenna, St. Paul, Schuyler, South Sioux City, Spalding, Stuart, Sutherland, Syracuse, Theftord, Tilden, Tryon, Waverly, Weeping Water and West Point.

Acquisition of additional land and installation of lighting for airports at Arthur, Bassett, Creighton, Crete, Fairbury, Merriman, Superior, Wahoo and Wallace.

Land acquisitions for airports at Blair, Bloomfield, Harrison, Hartington and Hay Springs.

Other recommendations for smaller airports:

Auburn, pave runway, taxiway and apron, construct operational building.

Bayard, acquisition of land, pave apron and taxiway.

Broken Bow, operational building, runway, lighting.

Burlingame, pave taxiway.

Chambers, land, construction of apron and taxiway.

Craig, land, construction of apron and taxiway, pave runway.

Curtis, land, construction of apron and taxiway.

David City, land, lighting, construction of apron and taxiway.

Fairmont, additional development not recommended in 1959-62.

Falls City, construction of apron and taxiway.

Fremont, land, removal of obstruction, Fullerton, additional development not recommended during 1959-62.

Gardner, land, construction of landing strip, building area and access road.

Gordon, land, lighting, extend runway, Gothenburg, land, extend runway.

Grant, land, extend landing strip.

Harvard, additional development not recommended during 1959-62.

Hebron, land, lighting, landing strip, Hemingford, land, construct landing strip, building area and access road.

Holdrege, additional development not recommended during 1959-62.

Humboldt, land, extend landing strip, mark.

Kimball, land, pave runway, taxiway and apron, lighting.

Lexington, land, pave taxiways and apron.

Lodgepole, additional development not recommended during 1959-62.

Lynch, additional development not recommended during 1959-62.

Minden, land, extend landing strip.

Mitchell, land, extend and pave landing strip and taxiway, lighting.

Mullen, land, pave, widen and extend runway, construct taxiway and apron.

Neligh, land, pave apron and taxiway.

O'Neill, land, pave runway, taxiway and apron, lighting.

Oyd, land, construction apron and taxiway, lighting.

Oshkosh, lighting.

Rushville, land, pave runway, taxiway and apron.

Sargent, land, pave taxiway and apron.

Scribner, construct operational building.

Springview, land, extend landing strip.

Trenton, land, pave apron and taxiway.

Wayne, construct apron and taxiway.

Wilbur and York, additional development not recommended in 1959-62.

2-Decked River Span Considered

The Interstate Highway bridge which will span the Missouri River between Omaha and Council Bluffs, Ia., may be a double-decked structure.

Highway officials from Nebraska and Iowa are understood to have launched a preliminary study of the matter with an eye toward the possibility of construction of an 8-lane, double-decked affair.

Estimated price tag: roughly \$10½ million.

The survey is scheduled to be completed by mid-1960.

One Deck, If

If traffic surveys determine that only 6 lanes are needed, the bridge would likely be confined to one deck.

However, if 8 lanes are found to be more advisable, two decks of 4 lanes each would be the likely recommendation.

Original, and extremely preliminary, thinking pointed to a separation of local and through traffic, each to be confined to one deck.

Later planning is understood to have centered on separation of traffic on a directional basis, resulting in two one-way decks.

Federal matching funds would pay 90% of the construction bill, with Nebraska and Iowa splitting the remaining 10% cost. Nebraska's share is estimated at about \$500,000.
